Contemplative Prayer Augustine Baker, Benedict Weld-Blundell, 1906 *Contemplative Prayer* Augustine Baker, B. Weld-Blundell, 1907 **Contemplative Prayer** Benedict Weld-Blundell, 1927 **English Benedictine nuns in exile in the seventeenth century** Laurence Lux-Sterritt, 2017-03-24 This study of English Benedictine nuns is based upon a wide variety of original manuscripts including chronicles death notices clerical instructions texts of spiritual guidance but also the nuns own collections of notes It highlights the tensions between the contemplative ideal and the nuns personal experiences illustrating the tensions between theory and practice in the ideal of being dead to the world It shows how Benedictine convents were both cut off and enclosed yet very much in touch with the religious and political developments at home but also proposes a different approach to the history of nuns with a study of emotions and the senses in the cloister delving into the textual analysis of the nuns personal and communal documents to explore aspect of a lived spirituality when the body which so often hindered the spirit at times enabled spiritual experience **Contemplative Prayer: The teaching of Ven Augustine Baker Thereon: from Santa Sophia** Dom B. Weld-Blundell, 1927 *English Convents in Exile, 1600-1800, Part I, vol 2* Caroline Bowden, Laurence Lux-Sterritt, Nicky Hallett, Elizabeth Perry, Victoria Van Hynning, 2024-08-01 Between 1600 and 1800 around 4 000 Catholic women left England for a life of exile in the convents of France Flanders Portugal and America These closed communities offered religious contemplation and safety but also provided an environment of concentrated female intellectualism The nuns writings from this time form a unique resource **Spirit, Faith and Church** Laurence Lux-Sterritt, Claire Sorin, 2011-10-18 Contradictions are legion when it comes to women and spirituality In Christian cultures the worth of the female sex is highly ambivalent since virginity and motherhood are construed respectively as badges of purity and fruitfulness whilst the biological processes which underlie them are considered taboo or impure Throughout history women are in turn represented as inferior defective creatures or as privileged empty vessels in their relationship with the divine This polarized conception of woman has influenced the way in which religious institutions learned writers or indeed women themselves consider the female personal and collective relationship with the supernatural with the divine and with the institutions which represent it Through eleven original essays this volume questions how women from the English speaking world have negotiated their roles in the spiritual and religious spheres From early modern Catholics and Puritan groups to twenty first century nuns Anglican ministers and Mormons how did women define their roles in male dominated institutions How did they react to the public perceptions of their bodies as either incompatible with or facilitating access to the divine The questions at the core of this book hinge upon the articulation between the female self body and soul and its experience of the preternatural of faith and of institutionalized groups Are there specific forms of female spirituality and do they lead to a feminized feminist conception of God **The Downside Review** , 1907
