

# The Effectiveness of Community-Based Corrections

---

- Evidence-based practices (EBP) involves using current best practices or interventions for which there is consistent and solid scientific evidence of success. Assessment must show that such practices work to meet the intended outcomes and are open to periodic measurement, evaluation, and dissemination of practices and interventions.
- EBP is not based on intuition, speculation, anecdotal evidence, or tradition (e.g., “that’s the way we’ve always done it around here”).
- Research methodology must be sophisticated and rigorous enough to determine what does and does not work.
