Tucho,2016-11-04 This book will outline a theological transformative approach that is effective in resolving congregational conflict and has shown that in the question of how the contemporary congregation might address conflict the answers lie not only in the process James taught his audience in his chapter four of his epistle but in a deeper understanding of the kind of kingdom Jesus embodied and his expectations of how its members would live with a clear sense of their own standing before God and one another It will develop a dialogue between conflict theory and theology to create a solution that helps transform conflict into positive outcomes Conflict transformation is a new approach to conflict resolution that attempts to describe what ought to happen in conflict more precisely It is a step beyond conflict resolution and points toward a deep transformation in the conflicting parties stopping the issues that trigger violence and allowing peace in relationships Resolution focuses on the present conflict or issue and finds the solution Transformation focuses on the people involved in the conflict and their permanent relationships with each other Conflict transformation occurs only when true wisdom reigns among people in congregation It agrees with Vayrynen 1991 that actor transformation is critical to transform conflict into something good and beneficial to the organization However unlike Vayrynen it believes that unless actor transformations occur any other transformations e g issue rule and structure will be only temporary and the conflict that had been controlled in the present will reemerge later on in the future unless the falsely wise members are replaced with truly wise ones **The Essential Guide to Workplace Mediation & Conflict Resolution** Nora Doherty,Marcelas Guyler,2008 Examines the nature process uses and skills for employing and using mediation Explores what mediation is and how it can be successfully applied to resolve issues **Rising Above Office Conflict** Clare E Fowler,2023-07-10 A light hearted guide offering step by step advice that empowers readers to understand and overcome the conflicts they face at work Building on 20 years of workplace disputes this book brings practical tools for resolving conflicts
