Orton,2025-11-04 The multiverse is collapsing The time machine is broken And humanity s last hope Might already be dead Seven months after the EMPs brought the world to its knees a handful of scientists are racing against extinction and each other Somewhere in a flooded skyscraper lies a wormhole generator that might be able to undo the apocalypse If they can find it If it still works If it doesn t kill them first Meanwhile Diego Nadales wakes up chained to a wall his face bloodied and his memories fractured He s being accused of terrorism treason and time travel The last one at least is true Isabel is trapped inside a biodome ruled by the man she once trusted But her bees microscopic drones designed to save the planet have been hijacked and weaponized If she doesn t find a way out soon her creation will wipe out the last threads of life on Earth Old friends return New enemies rise And somewhere in the chaos one small spark of hope just might be enough to ignite a revolution The clock isn t ticking It s broken **Buster'S Book**

Donald Junkins,2012-11-17 Providing insight in a familys history against the backdrop of major world wars Busters Book offers a collection of more than a thousand letters exchanged during the twentieth century as young men provided service to their country In this memoir author Donald Junkins has compiled letters diaries interviews recollections and photographs of the familys participants in both world wars and the Korean and Vietnam wars This fascinating historical record includes the stories of a variety of escapades from single handedly opening an eight year old Nazi prison camp to B 24 air forays from New Guinea in which an aerial gunner shot down two Japanese Zero planes and to the rescue in Korea of wounded men stalled in a jeep in the middle of a freezing river that culminated in the awarding of the Silver Star Busters Book reflects both the lives of a middle class American family during these years and the daily activities of two generations of young American men at war **The Intelligence of Evil**

Jean Baudrillard,2013-05-08 In the wake of the 9 11 attacks after the invasions of Afghanistan and Iraq and at the height of the War on Terror the controversial postmodernist thinker Jean Baudrillard wrote The Intelligence of Evil In tackling the rhetoric of the so called clash of civilizations between a capitalist West and a fundamentalist religious Islam the book also provides a summation of many of the most important themes of Baudrillard s philosophical project Baudrillard here explores how neoliberal political rhetoric has divided human cultures are divided into two antagonistic forces one based on symbolic exchange which is dual and reciprocal and one based on money and sign exchange which is totalising Non western societies can create genuinely symbolic durable cultures But the western world system based on a logic of empire is designed to create an integrated and sealed reality to snap tight around the world and its image If the first is indestructible and the second is irresistible who can win and what will victory look like **Necessary Evil**

Ian Tregillis,2013-04-30 12 May 1940 Westminster London England the early days of World War II Again Raybould Marsh one of our Britain s best spies has travelled to another Earth in a desperate attempt to save at least one timeline from the Cthulhu like monsters who have been

observing our species from space and have already destroyed Marsh's timeline. In order to accomplish this, he must remove all traces of the supermen that were created by the Nazi war machine and caused the Specters from outer space to notice our planet in the first place. His biggest challenge is the mad seer Gretel, one of the most powerful of the Nazi creations, who has sent a version of herself to this timeline to thwart Marsh. Why would she stand in his way? Because she has seen that in all the timelines, she dies, and she is determined to stop that from happening, even if it means destroying most of humanity in the process. And Marsh is the only man who can stop her. *Necessary Evil* is the stunning conclusion to Ian Tregillis's *Milkweed* series.
