Christ And Culture Revisited:

Christ and Culture Revisited D. A. Carson, 2012-01-31 Called to live in the world but not to be of it Christians must maintain a balancing act that becomes more precarious the further our culture departs from its Judeo Christian roots How should members of the church interact with such a culture especially as deeply enmeshed as most of us have become In this award winning book now in paperback and with a new preface D A Carson applies his masterful touch to that problem After exploring the classic typology of H Richard Niebuhr with its five Christ culture options Carson offers an even more comprehensive paradigm for informing the Christian worldview More than just theoretical Christ and Culture Revisited is a practical guide for helping Christians untangle current messy debates about living in the world **Christ and Culture**

Revisited ,2022 Christ and Culture in the New Testament James W. Thompson, 2023-04-04 Believers in an increasingly secular world face the challenge of responding to the cultural changes that have taken place in the past generation as Christians become a cognitive minority especially in the West Some attempt to restore the Christian culture of the past with political activism and others accommodate to the cultural changes Christians in a post Christian world can learn much from believers who lived in the pre Christian period The New Testament demonstrates that in a pluralistic and syncretistic world of religions Christian identity exists neither through absorption into the culture nor through total withdrawal but through dialogue and critique Christ and Context Hilary Regan, Alan J. Torrance, 2016-10-06 There is a growing awareness of cultural diversity and plurality on the one hand and shared responsibility for our planet on the other The sense of cultural identity exposes the wealth and richness of our heritage but also introduces its risks like the proliferation of often violent independence and separatist movements A sense of shared responsibility represents the hope to avoid ecological catastrophe and highlights the problems of inequality poverty and suffering Is our understanding of cultures and contexts affected or even dramatically transformed by our perception of Christ and Trinitarian theology This series of essays addresses the issues of cultural plurality and diversity poverty sexist and racist oppression and ecological crisis and aims to discuss the place of Christ in our understanding of human contextuality Authors include Gustavo Guti rrez J rgen Moltmann Johann Metz Janet Martin Soskice and John de Gruchy **Seeking the Welfare of the City** Naomi Noguchi Reese, 2025-01-27 In the history of public theology the Holy Spirit s role in creation has been underexplored If the Holy Spirit is the agent of transformation in creation why have so many theologians neglected the Spirit s activity in the context of public theology One of the causes of such neglect derives from a long held belief in dualism or its assumption As a result generally speaking theologians have neglected the eschatological aspect of the Spirit s work over creation and instead have devoted much of their attention to the immanent spiritual aspect of the Spirit s work Hence a theology is needed that recaptures the eschatological aspect of the Spirit s work over creation and Colin E Gunton s pneumatology that is trinitarianly formulated and eschatologically conceived brings a fresh approach to public theology and moves us toward a full bodied holistic and trinitarian public theology that

takes into account the triune God This study attempts to draw upon the resources uncovered in Gunton's pneumatology to outline applications for Christian engagement of the public square for the twenty first century The book concludes with criteria for discerning the Spirit's work in the public square to give us practical ways to see how the Spirit may be working in the public square for transformation

Pentecostal Preaching and Ministry in Multicultural and Post-Christian Canada Steven M. Studebaker, 2019-11-07 Over the past forty years Canada has become an increasingly secular multicultural and religiously plural society Indeed the church in Canada and Pentecostals in particular face a challenging context for responding to the call to bear witness to Christ in the power of the Holy Spirit Like the disciples on the day of Pentecost however we need the Holy Spirit to come upon us and liberate us from our post Christian pessimism We need the Holy Spirit to enable us to proclaim the gospel to the nations people that are no longer at the ends of the earth but making their home in Canada This book engages this new context and considers and proposes ways that pentecostal Christians and churches can respond to the challenges of the increasingly post Christian multicultural secular and religiously plural context of Canadian society

Celebrating the Lord's Supper Edison Muhindo Kalengyo, 2018-05-31 Africa is suffering a severe famine a famine for the Lord's Supper Many Christians have forgotten or have never known the nourishment this spiritual feast brings Others long for it but are denied the opportunity to partake In Celebrating the Lord's Supper Ending the Eucharistic Famine Dr Edison Kalengyo pleads on behalf of those who are suffering This book identifies the ecclesiastical and economic reasons for the famine and suggests how they may be alleviated Kalengyo also urges African churches to draw on the continent's rich

ancient cultural heritage when celebrating the Lord's Supper to fully appreciate this biblical feast and the communion it brings with God and fellow believers

Gospel and Culture: Finding Ways To Engage The Culture With God's Enduring Message of Hope Michael Gunn, 2018-11-18 How has the culture affected the gospel of Jesus Christ and how has that affected the witness of the church in the 21st century This book intends to address those questions and then work toward a healthy correction to recapture the truth of the gospel and the glory of God and help people engage the culture instead of separating from it

Christianity, Empire and the Spirit Néstor Medina, 2018-05-29 In Christianity Empire and The Spirit Néstor Medina uncovers the cultural processes that play a crucial role in influencing how people understand reality express the Christian faith and think about God He uses decolonial thinking Latino theology and Pentecostal theology to show how the cultural dimension is a central feature in the biblical text was the force that coopted Christianity from the imperial era of Constantine onwards and undergirded Western European colonialism and the missionary project He engages with Protestant and Catholic articulations on culture and demonstrates how most theologians perpetuate Eurocentric frames for considering the relation between Christianity and the cultural dimension Alternatively he offers a theological proposal that recognizes the Spirit at work in the phenomena of cultures
