Nelson Chesman & Co.'s Advertisers' Rate Book Nelson Chesman & Company,1904 **An Investigation Into Christian Sme Owner-Managers' Conceptualisations of Practice** Andrea Werner,2008 This study investigates how Christianity impacts on the way owner managers of small to medium sized enterprises SMEs conceptualise their worlds of business practice The context for the research is the more general issue of how civil society and its institutions influence economic activity and how they might provide a counterbalance to the potentially negative impacts of unrestrained self interested economic behaviour The study is based on qualitative interviews with SME owner managers in Germany and the U K who regard themselves as practising Christians Using a socio psychological approach the data analysis yielded a range of linguistic and conceptual resources that are peculiar to Christian discourse and that have the potential to influence business activity in rather distinctive ways This book outlines the effects that these Christian resources can have on these owner managers and how they may be linked to specific business practices Attention is drawn to the fact that Christian conceptual resources can be interpreted and exploited in different ways which leads to differences in how Christian owner managers apply their faith to their business Furthermore the study maps out the often interacting influence of other discursive contexts and resources The specific influence of the SME context will be discussed and some differences with regards to the two national contexts in which the research was conducted will be highlighted The book also addresses how the socio psychological approach that was chosen for this study may be used for investigations into the impact of other civil society contexts **The Christian Union** ,1888 *Library of Congress Subject Headings* Library of Congress. Cataloging Policy and Support Office,2007 *The Call to Islam (da'wa islamiyya)* Henning Wrogemann,2024-05-24 Today Islam is numerically the second largest religion in the world Its message is aimed generally at all people and has been addressed to Muslims and non Muslims alike since the beginning of Islam through the Call to Islam Arabic da wa islamiyya But what exactly does Call to Islam mean After a brief historical sketch of different forms of da wa this book provides an overview of various da wa theologies of the 20th and 21st centuries as well as of some da wa organizations and different da wa approaches Finally the question is raised about the challenges that da wa activities of a conservative or an Islamist Islam pose for liberal and democratic societies *Christian Science Sentinel* ,1913 **Machiavelli's Gospel** William B. Parsons,2016 The leading interpretations of The Prince focus on Machiavelli s historical context but they give little attention to the source on which the moral and political thought of Machiavelli s sixteenth century was based the Christian Bible In this study of The Prince William Parsons plumbs Machiavelli s allusions to the Bible along with his statements on the Church and shows that Machiavelli was a careful reader of the Bible and an astute observer of the Church On this basis Parsons contends that Machiavelli s teaching in The Prince is instructively compared with that of the Church s teacher Jesus Christ Parsons thus undertakes what recent interpreters of The Prince have not done contrast Machiavelli s advice with the teaching of Christ

The result is a new reading of The Prince revealing in Machiavelli's political thought a systematic critique of the New Testament and its model for human life Christ In this commentary on one of the greatest works on politics ever written Parsons not only challenges the most recent interpretations of The Prince but also sheds new light on the classic interpretation that Machiavelli was a teacher of immorality William Parsons is associate professor of political science at Carroll College
