Bill of Rights

The Bill of Rights is the first ten amendments to the United States Constitution. It was written by James Madison and ratified by the states in 1791. The Bill of Rights guarantees certain rights to the people, such as the right to a fair trial, the right to free speech, and the right to a jury trial.

The Bill of Rights is a cornerstone of American democracy. It ensures that the government does not have too much power over the people. The Bill of Rights is a reminder that the government is there to serve the people, not the other way around.

CONSTITUTIONAL CONVENTION Unit Guide Packet

The Constitutional Convention Complete Unit Guide Packet

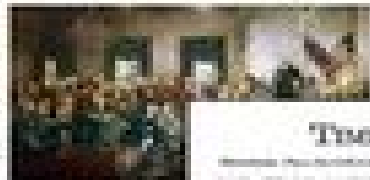

Overview

The Constitutional Convention was held in 1787 in Philadelphia. It was a meeting of delegates from the original thirteen states to revise the Articles of Confederation. The delegates agreed to create a new constitution, which was signed on September 17, 1787.

The new constitution was then sent to the states for ratification. It was ratified by the states in 1788, and it became the official constitution of the United States.

The Constitution is the foundation of the United States government. It defines the powers of the federal government and the rights of the states and the people. The Constitution is a living document that has been amended many times over the years.

The Constitution is a symbol of the American dream. It represents the hope for a better future for all Americans.
