Augustine and Nicene Theology Rene Barnes, 2024-01-25 In this collection of essays Michel Rene Barnes offers a new reading of the character and development of Latin Trinitarian theology in the fourth and fifth centuries Although Augustine is the principal focus he is treated here as an inheritor of an earlier Latin tradition Antecedent theologians most notably including Marius Victorinus are given a revised interpretation and Augustine himself is explored from multiple angles At every turn developments in Augustine's thought are shown to be a response to the anti Nicene theologies of the period Most significantly this view decries the modern systematic tendency to engage with Augustine only through a simplified version of late nineteenth century categories This accusation invites the question of how far modern theology can actually engage with Patristic theology at all but Barnes offers a way forward *The Sayings Source Q and the Historical Jesus* Andreas Lindemann, 2001 Papers presented at the 49th Colloquium Biblicum Lovaniense held at the Faculty of Theology of the Katholieke Universiteit Leuven 25-27 July 2000 *The Suicide of Christian Theology* John Warwick Montgomery, 2018-01-26 A forceful scholarly call to return to the solid ground of the ancient creeds of Christianity Dr Montgomery's incisive observations on Barth Bultmann Tillich de Chardin Pike and others may rankle some readers on occasion But there can never be any question about the mental acumen he brings to bear upon his subject or the skill with which he pens his views Montgomery is so obviously at home in the area of the theological and so conversant with the convictions of his fellow theologians that he certainly must be reckoned with Not content with only analyzing the suicide of theology the author also gives a proposal for its resurrection **Encyclopedia of Christian Theology** Jean-Yves Lacoste, 2005-07-27 The Encyclopedia of Christian Theology translated from the French Dictionnaire Critique de Theologie 2nd Edition features over 530 entries contributed by 250 scholars from fifteen different countries Alphabetically arranged entries provide the reader a critical overview of the main theological questions and related topics including concepts events councils theologians philosophers movements and more Hailed as a masterpiece of scholarship this reference work will be of great interest and use for scholars students of religion and theology as well as general readers **The Trinitarian Wisdom of God: Louis Bouyer's Theology of the God-World Relationship** Keith Lemna, 2022-12-16 Christian theology in recent decades has seen an explosion in the number of books published seeking a renewal of Trinitarian ontology There has also been a proliferation of studies dedicated to the theology of Wisdom Few if any of these books on the Trinity or on Wisdom have drawn for inspiration on the comprehensive vision of French Oratorian priest Louis Bouyer 1913-2004 one of the greatest theologians of the modern age Bouyer produced a comprehensive work of theology that integrated these two seminal concerns based on a vast re-sourcing of the Christian tradition Dr Keith Lemna explores Bouyer's achievement in depth showing that at the heart of his venture was a deep contemplative penetration into God's mediation to the world his creation sustenance and redemption of creation in the Wisdom of the Eternal Son Bouyer is a decisive resource for theologians

wanting to develop the Christian understanding of the Trinity and creation based on tradition but in dialogue with modern cosmological thought The Trinitarian Wisdom of God Louis Bouyer's Theology of the God World Relationship gets to the heart of Louis Bouyer's theology of the God World relationship more deeply than any other has done before In doing so Lemna recovers a great theologian at his best
