Golddiggers, Farmers, and Traders in the "Chinese Districts" of West Kalimantan, Indonesia Mary Somers Heidhues, 2018-05-31 This study examines the changing role of the Chinese community of West Kalimantan particularly its economic and social relationships Heidhues explores the history of the community from the early nineteenth century establishment of the kongsis to the Dayak Raids which uprooted the rural Chinese population in the 1960s *Chinezen uit Indonesië* Patricia Tjiook-Liem, 2022-10-07 Voor de economische doelen van de VOC en de koloniale overheid in de Indonesische archipel waren de Chinezen van meet af aan onmisbaar Hun rol in de economie bleef door de eeuwen heen belangrijk Nadat de Chinezen in de kolonie aan het begin van de twintigste eeuw gelijkheid wisten te verkrijgen en de voor hen discriminerende wettelijke regelingen werden opgeheven moesten zij in de Indonesische Republiek opnieuw voor hun rechten vechten Het bleek een moeizaam proces vol spanningen rondom kwesties van cultuur etniciteit en nationaliteit Patricia Tjiook Liem neemt de lezer mee langs de belangrijkste perioden in deze tot nu toe onderbelichte geschiedenis en laat de worsteling zien van de Chinezen in en uit Indonesië Door het boek van Tjiook Liem besef ik dat aanpassen een bewuste koloniale strategie is geweest die in het onafhankelijke Indonesië bleef voortbestaan maar dan de andere kant op Liang de Beer de Nederlandse Boekengids Voor de Chinezen zelf en hun jongere generaties is het een must voor meer inzicht in de eigen geschiedenis Peter van Riel Pelita Magazine **The Chinese from Indonesia** Patricia Tjiook-Liem, 2025-10-01 The Chinese played a vital part in the Dutch colonial economy and their economic role has remained important throughout the centuries Starting in the early 1900s China also influenced their socio political life After the Chinese in the Dutch East Indies managed to shed most discriminatory regulations in the first decades of the twentieth century they again had to strive for their rights in the new Republic of Indonesia This proved to be a difficult process filled with tension surrounding the issues of culture ethnicity and nationality In this book Patricia Tjiook Liem puts Chinese Indonesians at the centre of Dutch colonial

and Indonesian history and takes you through the most important periods in this often underexposed history The Ethnic Chinese in the ASEAN States Leo Suryadinata,1989 The bibliographical essays on the studies of the ethnic Chinese in the ASEAN states will be extremely useful as it is the first monograph of its kind and also up to date It begins with a general overview on the studies of the ethnic Chinese in the ASEAN states and is followed by five country studies and two essays on specific topics All essays in this volume were written by specialists *Authentic Chinese Christianity* Koen De Ridder,2001 This volume intends to tackle two problems The first is the historical framework of imperialism until now widely applied by Western and Chinese scholars as an approach to the Christian evangelization movement in China The theological aspect of the missionary action is seldom taken into account nor is religion treated as an authentic human experience In this volume two authors try to place the position of the Christian mission in its broader context Scott Somers reflects on the changing image of the Japanese occupation in Taiwan based on protestant missionary sources Koen De Ridder discusses the early diplomatic contacts between China and Belgium and the position of the Belgian missionaries A second problem dealt with is that of the native Christians While Jessie Lutz attempts to sketch a profile of the Chinese Protestant evangelizers Jean Paul Wiest focuses his attention on the Roman Catholics among the Chinese Hakka minority Gary Tiedemann explains the material spiritual and political incentives for conversion among the inhabitants of North China paying special attention to the socio political profile of the converts In the contribution of Ann Heylen we return to Taiwan where we are offered a better understanding of the Protestant contribution to the study of the Min language Finally Karel Steenbrink describes the changing religious affiliation of assimilated Chinese in Indonesia during the period 1900 1942 **Secret Societies Reconsidered: Perspectives on the Social History of Early Modern South China and Southeast Asia** David Ownby,Mary F. Somers Heidhues,2016-09-16 A discussion of the development of secret societies within China and among Chinese communities in colonial Southeast Asia in the late 18th and 19th centuries Architectural Encounters in Asia Pacific Amanda Achmadi,Paul Walker,Soon-Tzu Speechley,2024-09-19 Architectural Encounters in Asia Pacific explores the architecture of colonial trade and industry revealing a complex network of transnational connections across the built heritage of the world s most dispersed and culturally diverse region A wide ranging collection of case studies uncover these forgotten connections drawing together stories of migratory architects imperial commodities and indentured labour From Iran to Tasmania Japan to Java and Imperial China to the Pacific Islands the chapters reveal how remnants of colonial trade and industry shed light on the many multi faceted mobilities of the imperial age and their enduring legacy in the postcolonial built environments of Australasia the Pacific Southeast Asia and beyond The chapters also reveal deep strands of cultural influences and material imprints long neglected by national histories of architecture and showcase new methodologies to analyse the interconnectivities and bordering practices which are shaping our experiences of the 21st century With almost every chapter arising from new archival sources this richly interdisciplinary volume brings together the work of architectural

historians geographers and heritage practitioners to provide a new understanding of the rich and contested history of this region *De pligt van Nederland jegens eigene zelfstandigheid en Java's nationaliteit* Willem Wintgens,1870 **Een beeld in technicolor (2nd Edition)** Pieter Meulendijks,2023-09-25 An image in technicolor Fifty years of wars in Vietnam 1940 1990 gives a broad and innovative interpretation of the history of Vietnam between 1940 and 1990 Black and white characterisations one sided interpretations and prevailing myths are debunked Instead a nuanced and multifaceted picture is given in which the United States is less prominent History is not only written by the victors and in this case too the history of Vietnam during this period cannot be attributed solely to Ho Chi Minh and the success of the Communists in 1975 The internal losers that is the other political movements and their leaders must also be given a crucial place in Vietnam s history For example the civil wars that took place between 1940 and 1990 played an unmistakable role The older idealised image of North Vietnam is inaccurate This country was a dictatorial and oppressive police state After 1954 the North Vietnamese leaders were embroiled in a fierce power struggle and were largely responsible for the war in South Vietnam The answer to the question of who the legitimate representatives of the Vietnamese nation were also requires a more balanced judgment of non Communist politicians such as Bao Dai Ngo Dinh Diem and Nguyen Van Thieu As for the role of international players initially it was the Cold War that determined the United States interference later it was American credibility In the end it was the support from China and the Soviet Union that was the deciding factor for North Vietnam s victory Important new perspectives are given on the role of minorities the meaning of a third way the devastating effects of the strategy the role of women and girls and the mental and cultural aspects of the wars
