## Nonfiction Text Features

Students look at text features, such as headings and captions, to better understand what they read.

## Visual Information

Students discover how pictures, charts, graphs, and other visual elements can explain more about a topic.

DAY  
1

Explain to students what nonfiction text features are. Show them features such as bold print, italics, and headings in a textbook, or point out the nonfiction text features in the passage. Say, *Remember that it is important to look at all the features on the page, not just the words in the story. Read the instructions at the top of the page about the visual information of the Determine Important Information strategy, which was taught during Week 4.* Say, *We want to look at all the features on the page, but we need to pay attention to the features that help us best understand what the author wants us to know or that helps us best understand what we are reading.* Have students read the passage. When they have finished, direct them to complete the skill and strategy practice.
