

Dit boek bestaat uit 224 korte en langere gedeelten uit de dagboeken van meer dan 100 schrijvers, onder wie 43 vrouwen. De oudste auteur was 73, de jongste 14 jaar. De schrijvers waren scholieren en studenten, ambtenaren en militairen, winkel- en kantoorbedienden, huisvrouwen en zakenlieden, een boerenarbeider en de dochter van een dorpssmid, een vakbondsleider en de eigenaresse van een landgoed, een predikantsvrouw en een rietbewerker, een winkelierster, een typiste en een huishoudster, journalisten, ingenieurs en vele anderen.'

'Allen hadden de invloed van oorlog en bezetting moeten ondergaan. Hun leven was erdoor verstoord. De dagboeken van verscheidenen van hen waren de neerslag van hun pogingen het leven zo "normaal" mogelijk voort te zetten. Anderen gaven het relaas van ondergedoken joden, illegale werkers, Engelandvaarders, NSB'ers en SS'ers; krijgsgevangenen, gevangenen in Duitse gevangenissen en concentratiekampen in Nederland en Duitsland, gedeporteerde joden in Theresienstadt en Bergen-Belsen... Samen geven deze dagboekfragmenten een uiterst indringend en gevarieerd beeld van wat het Nederlandse volk in die afschuwelijke tijd heeft moeten ondergaan.'

Cohen, 2018 Bringing together contributions from a diverse group of scholars Volume XXX of Studies in Contemporary Jewry presents a multifaceted view of the subtle and intricate relations between Jews and their relationship to place The symposium covers Europe the Middle East and North America from the 18th century to the 21st Janus at the Millennium Thomas F. Shannon, Johan P. Snapper, 2004-05-26 This volume contains a selection of articles originally presented at the Tenth Interdisciplinary Conference on Netherlandic Studies These revised contributions relating to the common theme of Janus and the perspective of time examine Dutch language and culture from the U S Belgium and the Netherlands *Occupied Economies* Hein A.M. Klemann, Sergei Kudryashov, 2013-05-09 What were the consequences of the German occupation for the economy of occupied Europe After Germany conquered major parts of the European continent it was faced with a choice between plundering the suppressed countries and using their economies to supply its needs The choices made not only differed from country to country but also changed over the course of the war Individual leaders the economic needs of the Reich the military situation struggles between governors of occupied countries and Berlin officials and finally racism all had an impact on the outcome In some countries the emphasis was placed on production for German warfare which kept these economies functioning New research presented for the first time in this book shows that as a consequence the economic setback in these areas was limited and therefore post war recovery was relatively easy However in other countries plundering was more characteristic resulting in partisan activity a collapse of normal society and a dramatic destruction not only of the economy but in some countries of a substantial proportion of the labour force In these countries post war recovery was almost impossible The Bitter Road to Freedom William I Hitchcock, 2008-10-21 The Bitter Road to Freedom is a powerful deeply moving account of an earth shattering year in the history of the U S and Europe Americans are justly proud of the role their country played in liberating Europe from Nazi tyranny For many years we have celebrated the courage of Allied soldiers sailors and aircrews who

defeated Hitler's regime and restored freedom to the continent. But in recounting the heroism of the greatest generation, Americans often overlook the wartime experiences of European people themselves, the very people for whom the war was fought. In this brilliant new book, historian William I. Hitchcock surveys the European continent from D Day to the final battles of the war and the first few months of peace. Based on exhaustive research in five nations and dozens of archives, Hitchcock's groundbreaking account shows that the liberation of Europe was both a military triumph and a human tragedy of epic proportions. This strikingly original multinational history of liberation brings to light the interactions of soldiers and civilians, the experiences of noncombatants, and the trauma of displacement and loss amid unprecedented destruction. This book recounts a surprising story, often jarring and uncomfortable, and one that has never been told with such richness and depth. Ranging from the ferocious battle for Normandy, where as many French civilians died on D Day as U.S. servicemen, to the plains of Poland, from the icy ravines of the Ardennes to the shattered cities and refugee camps of occupied Germany, *The Bitter Road to Freedom* depicts in searing detail the shocking price that Europeans paid for their freedom.

A Family Occupation Jolanda Vanderwal Taylor, 1997. *A Family Occupation* investigates Dutch language texts by well-known authors which address the occupation and its aftermath in the lives of victims, collaborators, bystanders, and Dutch internees in the prison camps of Indonesia. It is the first English language introduction to writings by and about the Children of War and their cultural context. Their themes and literary conventions throw an interesting light on the Dutch approach to issues such as guilt and innocence, memory and narrative, national identity, victimhood, child abuse, post-traumatic stress disorder, amnesia, and recovered memory.
