Christian Mission In The Modern World:

Christian Mission in the Modern World John R. W. Stott, 1975 John R W Stott argues that the mission of the church must encompass both evangelism and social action

Christian Mission in the Modern World John Stott, Christopher J H Wright, 2016-01-15 Jesus sends us into the world just as God the Father sent him and yet Christians continue to disagree on what this involves Some believe that the focus of Christian mission is evangelizing and saving souls Others emphasize global justice issues or relief and development work Is either view correct on its own John Stott's classic volume first published forty years ago presents an enduring view of Christian mission that is just as needed today Newly updated and expanded by Christopher J H Wright *Christian Mission in the Modern World* provides a biblically based approach to mission that addresses both spiritual and physical needs With his trademark clarity and conviction Stott illuminates how the Great Commission itself not only assumes the proclamation that makes disciples but also teaches obedience to the Great Commandment of love and service Wright has expertly updated the original book and demonstrates the continuing relevance of Stott's prescient thinking This balanced approach to mission encourages current and future Christians to embrace an unconflicted and holistic model of ministry

The Future of Christian Mission in India Augustine Kanjamala SVD, 2014-08-21 Colonial missionaries both Catholic and Protestant arrived in India with the grandiose vision of converting the pagans because like St Peter Acts 4 12 and most of the church fathers they honestly believed that there is no salvation outside the church *extra ecclesiam nulla salus* At the end of the great Protestant century however Christians made up less than 3 percent of the population in India and the hope of the missionary was nearly shattered But if one looks at mission in India qualitatively rather than quantitatively one sees a number of positive outcomes Missionaries in India particularly Protestant missionaries espousing the social gospel in collaboration with a few British evangelical administrators dared to challenge numerous social evils and even began to eradicate them The scientific and liberal English education began to enlighten and transform the Indian mindset Converts belonging to the upper caste although small in number laid the foundation stone of Indian theology and an inculturated church using Indian genius The end of colonialism in India coincided with the painful death of colonial mission theology Now the power of the Word of God extricated from political power is slowly and peacefully gaining ground like the mustard seed of the parable A paradigm shift from the ecclesio centric mission to *missio Dei* offers reason for further optimism In short the future of mission in India is as bright as the kingdom of God In today's new context theologians despite objections from some quarters are struggling to discover the Asian face of Jesus disfigured by the Greco Roman Church And

the missionary is challenged to become a living Bible that undoubtedly everyone will read **John Stott** Edward L. Smither, 2023-12-19 Remembered as a pastor Bible teacher writer and ambassador for global mission John Stott 1921 2011 was also an early innovator of encouraging global missional theology Through his involvement in the Lausanne Movement and other global networks he made room at the table for majority world Christians and theologians to speak to matters of developing global theology Through his innovative work with Langham Partners he provided resources for global pastors to be trained in theology and a platform for global theologians to publish their work Ultimately he encouraged global theologians to forge their own theology *The Christian Church in the Modern World* Raymond Calkins, 1924
