The Table Comes First Adam Gopnik, 2011-10-25 Never before have we cared so much about food It preoccupies our popular culture our fantasies and even our moralizing You still eat meat With our top chefs as deities and finest restaurants as places of pilgrimage we have made food the stuff of secular seeking and transcendence finding heaven in a mouthful But have we come any closer to discovering the true meaning of food in our lives With inimitable charm and learning Adam Gopnik takes us on a beguiling journey in search of that meaning as he charts America's recent and rapid evolution from commendably aware eaters to manic compulsive gastronomes It is a journey that begins in eighteenth century France the birthplace of our modern tastes and by no coincidence of the restaurant and carries us to the kitchens of the White House the molecular meccas of Barcelona and beyond To understand why so many of us apparently live to eat Gopnik delves into the most burning questions of our time including Should a Manhattanite bother to find chicken killed in the Bronx Is a great vintage really any better than a good bottle of wine And Why does dessert matter so much Throughout he reminds us of a time honored truth often lost amid our newfound gastronomic pieties and certitudes What goes on the table has never mattered as much to our lives as what goes on around the table the scene of families friends lovers coming together or breaking apart conversation across the simplest or grandest board This ultimately is who we are Following in the footsteps of Jean Anthelme Brillat Savarin Adam Gopnik gently satirizes the entire human comedy of the comestible as he surveys the wide world of taste that we have lately made our home *The Table Comes First* is the delightful beginning of a new conversation about the way we eat now
