Christian Leadership Manual 2003:

The New Guidebook for Pastors James W. Bryant, Mac Brunson, 2007-06-01 Church leaders young and old will find professional advice and inspirations worth revisiting time and again throughout their ministry career in *The New Guidebook for Pastors*

Encyclopedia of Christian Education George Thomas Kurian, Mark A. Lamport, 2015-05-07 Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church. As a result, Christian education remains one of the largest and oldest continuously functioning educational systems in the world, comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries. In *The Encyclopedia of Christian Education*, contributors explore the many facets of Christian education in terms of its impact on curriculum, literacy, teacher training, outcomes, and professional standards. This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe, illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy, home schooling, Sunday schools, women's education, graded schools, compulsory education of the deaf and blind, and kindergarten. With an editorial advisory board of more than 30 distinguished scholars and five consulting editors, *The Encyclopedia of Christian Education* contains more than 1,200 entries by 400 contributors from 75 countries. These volumes cover a vast range of topics from Christian education history spanning from the church's founding through the Middle Ages to the modern day, denominational and institutional profiles, intellectual traditions in Christian education, biblical and theological frameworks, curricula, missions, adolescent and higher education, theological training, and Christian pedagogy. Biographies of distinguished Christian educators. This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education

Growing Love in Christian Marriage Third Edition - Pastor's Manual Jane P. Ives, S. Clifton Ives, 2013-03 Life together begins with a strong foundation

Church Administration Clifford Mushishi, 2010-07-14 This book on church administration is a tool for all pastors and leaders in all churches. It provides ideas, methods, guidelines, and styles of administering and supervising modern day congregations and religious organizations in an easy-to-follow language. It can be used for any clergy or lay training, retreat, spiritual formation workshops, and seminars. Theological or Bible institutions or universities which offer courses in church administration will find this book most helpful. Individuals can use it for their personal spiritual development. It also carries a devotional and motivational aspect which every spiritual leader cannot afford to miss

The National Bibliography of Nigeria, 2005

Leadership Secrets from the Proverbs Robert A. Yost, 2013-07-26 The book of Proverbs is a cornucopia of practical wisdom on a variety of topics. The insights and truths covered in this book of ancient Hebrew wisdom literature run the gamut, including the nature of true wisdom and understanding, vices and virtues, relationships and roles, priorities, planning for the future, how to communicate, and how to manage one's resources. In recent

decades the book of Proverbs has increasingly become the focus of attention for Christians who wish to live lives more in tune with God's principles. In particular, Christian thinkers have begun to correlate biblical principles with the study of effective leadership. Yost examines the subject of godly leadership by using the book of Proverbs as his springboard. This is a scholarly yet deeply devotional study of the leader's priorities, the leader's plans, and the leader's speech. Once you have read this book, you will never look at the book of Proverbs or the subject of leadership the same way again. Church Administration Handbook Bruce P. Powers, 2008. Together with the newly revised Christian Education Handbook, this volume provides complete basic church information and administrative guidelines. Biblical Organizational Leadership Joshua D. Henson, 2021-04-26. This edited work uses the life and biblical teachings of Jesus to examine modern leadership theory. With the Gospel of John as its focal point, it depicts leadership traits such as compassion, empathy, humility, and transparency as essential to the ministry of Jesus. The authors explore concepts related to communication, conflict resolution, mentorship, authentic leadership, servant leadership, transformational leadership, and succession planning to show the applicability of principles espoused in biblical teachings to modern organizations. This book will make a valuable addition to the leadership literature by using the life of Jesus as a case study. **Small Church, Excellent Ministry** Jeffrey C. Farmer, 2017-12-21. Pastors of smaller membership churches have a huge calling. They are responsible for changing the world. Rather than look at the small number of members in their congregations as a limitation, pastors should view their congregations as an elite force able to impact their communities for the Kingdom of God. **Small Church Excellent Ministry** is a handbook designed for pastors serving in smaller membership churches. This book will help you to conduct your ministry with excellence. Written by practitioners and professors, the information provided in this book is on the vanguard of pastoral ministry and is useful for training pastors to be leaders of their churches. **G.K.
