Build Back Better Toshihisa Toyoda,Jianping Wang,Yuka Kaneko,2021-11-16 International society led by the United Nations has been working to improve and standardize every country's post disaster recovery policy In particular the Sendai Framework for Disaster Risk Reduction adopted at the UN World Conference at Sendai Japan in 2015 declared the slogan Build Back Better BBB In this book the BBB is considered an essential common criterion for evaluating recovery status but BBB variations in each individual country's context are pursued In contrast to a governmental approach to recovery evaluation focusing mainly on physical structures and macro indicators this volume focuses more on the affected societies communities economies and especially victims livelihoods The authors are academics from diverse fields including governance law economics and engineering so that the book is truly interdisciplinary This collection results from an international collaboration by scholars from disaster affected universities in global scale mega disasters occurring in the Asian region in recent decades The universities include Kobe University in Japan Iwate University in Japan Syiah Kuala University in Aceh Indonesia Sichuan University in China and the University of the Philippines

Combating Nuclear Terrorism: Preliminary Observations on Preparedness to Recover from Possible Attacks Using Radiological Or Nuclear Materials Gene

Aloise, 2010-03 A terrorist's use of a radiological dispersal device (RDD) or improvised nuclear device (IND) to release radioactive materials (RM) into the environment could have devastating consequences. This testimony examines 1) the extent to which federal agencies are planning to fulfill their responsibilities to assist cities and their states in cleaning up areas contaminated with RM from RDD and IND incidents; 2) what is known about the federal government's capability to effectively clean up areas contaminated with RM from RDD and IND incidents; and 3) suggestions from government emergency management officials on ways to improve federal preparedness to provide assistance to recover from RDD and IND incidents. Also discusses the situation in the United Kingdom.
