Journal of the American Veterinary Medical Association American Veterinary Medical Association,2013 Vols for 1915 49 and 1956 include the Proceedings of the annual meeting of the association

Risk Management in Organisations Margaret Woods,2022-06-01 Risk management is vital to organisational success from government down to small businesses and the discipline has developed rapidly over the last decade Learning lessons from the good and bad practice of others is a key feature of this book which includes multiple illustrative examples of risk management practice in addition to detailed case studies Combining both theory and practice the early chapters compare the ISO 31000 and COSO Enterprise Risk Management frameworks and the relevant regulatory regimes in both Europe and the United States The core of the book is three highly detailed case studies of risk management in the manufacturing Akzo Nobel retail Tesco and public sectors Birmingham City Council Using the lessons learned from the case studies together with material from elsewhere the author then outlines four lessons for risk managers that can be used in any organisation seeking to develop a truly enterprise wide risk management system This completely revised edition contains updates on regulations and practice together with new chapters covering technology risk and COVID 19 which are major risks faced by all organisations today As such the book is essential reading for risk management professionals and postgraduate and executive learners

China's Influence on Non-Trade Concerns in International Economic Law Paolo Farah,Elena Cima,2016-10-14 This volume examines the range of Non Trade Concerns NTCs that may conflict with international economic rules and proposes ways to protect them within international law and international economic law Globalization without local concerns can endanger relevant issues such as good governance human rights right to water right to food social economic cultural and environmental rights labor rights

access to knowledge public health social welfare consumer interests and animal welfare climate change energy environmental protection and sustainable development product safety food safety and security Focusing on China the book shows the current trends of Chinese law and policy towards international standards The authors argue that China can play a leading role in this context not only has China adopted several reforms and new regulations to address NTCs but it has started to play a very relevant role in international negotiations on NTCs such as climate change energy and culture among others While China is still considered a developing country in particular from the NTCs point of view it promises to be a key actor in international law in general and more specifically in international economic law in this respect This volume assesses taking into consideration its special context China s behavior internally and externally to understand its role and influence in shaping NTCs in the context of international economic law
