

Changing Lives Transforming Communities

Students are changing in our increasingly networked world. The education we deliver must also change to provide students with the skills needed to compete effectively in the global workforce. Communities that invest in preparing their youth for 21st century careers through relevant and engaging education models will have an opportunity to benefit both socially and economically.

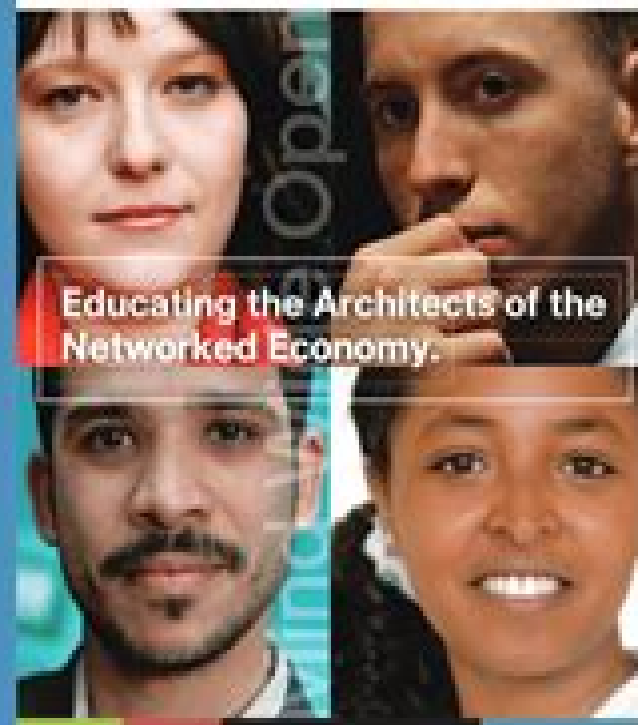

The Cisco® Networking Academy® program helps students build 21st century skills such as collaboration and problem solving by encouraging practical application of knowledge through hands-on activities and network simulations. The online courses are designed to help students prepare for career opportunities, continuing education, and globally recognized certifications.

Networking Academy teaches IT skills to students from virtually every socioeconomic background and region of the world. The courses help narrow the technology skills gap by preparing individuals for careers in the new global economy.
