Statenvertaling, 1637-1937 ,1977 In de studeervertrekken van de Statenvertalers , The Thousand Generation Covenant: Dutch Reformed Covenant Theology and Group Identity in Colonial South Africa, 1652-1814

Gerstner, 2021-12-06 This study presents the religious factor in the development of a separatistic group identity among the forebears of the Afrikaners during the Dutch colonial period of South African history Dutch Reformed covenant theology and baptism practice rooted in the thousand generation covenant theory helped to shape this self understanding It traces the basic developments of covenant theology in the Netherlands during the period and demonstrates how these concepts were conveyed to colonial South Africa The dominant strain of covenantal thought treated the entire community as redeemed and called to be separate It was presented through a variety of means through which virtually every colonist was exposed This study offers a balanced historical approach to the role of theological concepts in the colonial roots of Afrikaner group identity It answers traditional scholarship in the field which either directly identify the concepts behind the development of apartheid with Calvinist theology or more recently deny that the Reformed faith had any role in the development of apartheid ideology until the twentieth century **HET ONTSTAAN VAN DE STATENVERTALING** Willem Westerbeke, 2011-10-11 Alle

boeken zijn tijdelijk Gods grote Boek is blijvend De hemel en de aarde zullen voorbijgaan maar Mijn Woorden zullen geenszins voorbijgaan zegt Jezus Oud en Nieuw Testament werden door de Joden beschreven Hoe dankbaar moesten de Christenen hen zijn voor z n grote Gave Maar zij worden dikwijls miskend De Vader gaf Zijn Zoon Hij gaf Zijn Heilige Geest en Hij gaf Zijn Woord om de trouwe Verbondsgod te leren kennen Hij gaf ons volk ook diverse vertalingen van de oorspronkelijke tekst van het Hebreeuws en Grieks De mooiste vertaling tot nog toe is de Statenvertaling Hoe deze tot stand is gekomen wordt in deze brochure uitgelegd **The Emancipation of Biblical Philology in the Dutch Republic,**

1590-1670 Dirk van Miert, 2018 A study of the school of biblical scholarship established by Joseph Scaliger in the Dutch Republic in the period 1590 1670 *Illustrated Religious Texts in the North of Europe, 1500-1800* Prof Dr Els Stronks, Dr Adam Morton, Asst Prof Feike Dietz, Professor Marc Van Vaeck, Ms Lien Roggen, 2014-07-28 *Illustrated Religious Texts in the North of Europe 1500 1800* provides a new perspective on the role of visual imagery in the Reformation period by focusing on international forms of collaboration and makes a significant contribution to ongoing debates concerning the history of the book by focusing on the ideological as well as practical side of international contacts Word of God, words of men Joanna Pietrzak-Thébault, Christopher B. Brown, Günter Frank, Bruce Gordon, Barbara Mahlmann-Bauer, Tarald Rasmussen, Violet Soen, Tóth Zsombor, Günther Wassilowsky, Siegrid Westphal, 2019-01-21 The book presents many aspects of the phenomenon of translation and commentary work of the Bible in the Polish Lithuanian Commonwealth in the 16th and 17th centuries It

contains studies of eminent scholars as well as of some young adepts coming mainly from Poland but also from Lithuania and Czech Republic The texts present various aspects of the researches conducted on this phenomenon nowadays As it was an exceptional movement extremely varied and long time lasting it would be difficult to offer its complete synthesis in one volume Though the exhaustive presentation of the historical and linguistic contexts allows the reader to understand the phenomenon Intensified interest in translations of the Bible is closely connected with the interest in the Polish language its literary expression as well as its grammatical and orthographic standardisation that occurred just in the same time The intellectual activity related to the Bible contributed simultaneously to the development of the Polish literary language and even inspired the translations of the sacred texts of other religions present in the country Moreover contacts between different languages of Central and Eastern European area where many attempts of new translations appeared are very important A quick rise of the different Reformation movements contributed to a natural need for new translations and commentaries to be used by community members These new currents first easily accepted and spread in the country even when suppressed could not stop this activity and later new Catholic translations and commentaries of the post Trident period both in Polish and Lithuanian proved it Big part of study is also dedicated to particular typographical realizations of this activity and an interesting example of the musical expression directly inspired by the biblical translation is also provided
