Troubling Topics, Sacred Texts Roberta Sterman Sabbath, 2021-10-04 Abrahamic scriptures serve as cultural pharmakon prescribing what can act as both poison and remedy This collection shows that their sometimes veiled but eternally powerful polemics can both destroy and build exclude and include and serve as the ultimate justification for cruelty or compassion Here scholars not only excavate these works for their formative and continuing cultural impact on communities identities and belief systems they select some of the most troubling topics that global communities continue to navigate Their analysis of both texts and their reception help explain how these texts promote norms and build collective identities Rejecting the notion of the sacred realm as separate from the mundane realm and beyond critical challenge this collection argues both implicitly and sometimes transparently for the presence of the sacred within everyday life and open to

challenge The very rituals prayers and traditions that are deemed sacred interweave into our cultural systems in infinite ways Together these authors explore the dynamic nature of everyday life and the often brutal power of these texts over everyday meaning *Constructions of masculinities in Islamic traditions, societies and cultures, with a specific focus on India and Pakistan between the 18th-21st Century* Amanullah De Soudy,2009 *Crisis in the Muslim Mind* Abdulhamid A.
