

A landscape photograph showing a calm body of water, possibly a lake or a wide river. In the foreground, there are several bare, dark trees with intricate branch structures. Their forms are mirrored in the still water below. The background features a distant, hazy shoreline with more trees and a pale, overcast sky. The overall mood is serene and somewhat melancholic.

De Reis Van De Lege Flessen:

De reis van de lege flessen Kader Abdolah, 2012-08-06 De vluchteling Bolfazl probeert in Nederland een nieuw bestaan op te bouwen Zijn enige contact met de buitenwereld is zijn buurman Ren die ook een buitenstaander blijkt te zijn Door de werkelijkheid van Nederland te verbinden met herinneringen aan Iran houdt Bolfazl greep op het leven In de van hem bekende stijl beschrijft Abdolah hoe de twee culturen verschillen *De reis van de lege flessen* Kader Abdolah, 1997 De relatie met zijn Nederlandse buurman brengt bij een politieke vluchteling uit Iran allerlei herinneringen boven **Het oog van de meester**, 2008 Onderzoek naar de literaire ontwikkeling van adolescenten in de tweede fase van het voortgezet onderwijs Centraal staat de vraag Waarom moet je lezen wat je nog niet kunt begrijpen Voor o a vakcollecties jeugdliteratuur

Leestrip 2004, *De reis van de lege flessen* Kader Abdolah (pseud. van Hossein Sadjadi Ghaemaghani.), 2006 De relatie met zijn Nederlandse buurman brengt bij een politieke vluchteling uit Iran allerlei herinneringen boven **Hybrid Humour**, 2010-01-01 An interdisciplinary and transcultural study of comedy in a pan European perspective that include East West and Southern European examples These range from humour in Polish poetry via jokes about Italian migrants in English speaking TV commercials to Turkish comedy literature and cartoons in Germany Turkish Surinamese Iranian and Moroccan literary humour in the Netherlands Beur humour in many media in France and Asian humour in literature film and TV series in Great Britain The volume is prefaced and informed by contemporary postcolonial theories that show humour not as an essential quality of each particular culture or as a common denominator of humanity but as a complex structure of dialogue conflict and sometimes resolution The volume is of interest for students and scholars of Comparative Literature Cultural Studies and Media Studies as well as for students and experts in the cultures and literatures that are covered in the collection of essays It is relevant for courses on globalisation migration and integration Immigrant Nations Paul Scheffer, 2011-06-20 This book is a path breaking reflection of the challenges posed to Western societies by the large scale migration of the postwar period Writing the Earth, Darkly Isabel Hoving, 2017-02-08 Why do we find so many references to nature and the environment in the many Caribbean literary texts that try to come to terms with the contemporary age of globalization Even when these novels and poems do not seem to be concerned with environmental issues at all they abound with fragrant creepy or dark references to flowers insects trees gardens and mud This book discusses a range of Anglophone and Dutch language Caribbean literary texts to propose an answer It shows that some writers evoke nature to question oppressive notions of what is natural and what is not when it comes to race gender and desire Other writers choose to counter the destructive dichotomies of wildness order nature culture nature human that marked colonialism Instead they represent the environment as a field of interconnectedness marked by intense semiotic interaction in which human beings are also implicated But writing about nature can also be a means to reconnect with the very foundations of life itself In the most dramatic cases references to nature evoke an extra discursive space that then functions to subvert existing discourses

That space may even mark the site of the annihilation of discourse or of the self These texts suggest that in times of globalization it is only the dark queer turn to matter that will free the path to imagining human existence in a new way The book s proposal to understand some of these fascinating texts as an effort to relate to the mind baffling explosive real is inspired by postcolonial trauma theory posthumanism and new materialism However Caribbean literature is a layered practice that does much more than merely explore the world s materiality It works simultaneously as cultural critique counter discourse and as the manipulation of affect This book therefore brings together ecocriticism with Caribbean and postcolonial studies the study of globalization trauma theory the study of gender and sexuality posthumanism and new materialism to bring out the full complexity of these wise texts Thus it hopes to show its readers their extraordinary innovative potential

Migrant Cartographies Sandra Ponzanesi, Daniela Merolla, 2005-01-01 In recent years Europe has had to constantly rethink and redefine its attitude toward new flows of immigrations Issues of boundaries and identity have been integral to this reflection Through a magnificent collection of essays Migrant Cartographies examines both sites and conflicts and the way in which forms of belonging and identity have been reinvented With careful analysis and exceptional insight this volume explores the most recent literature on migration as seen from different European viewpoints This book fills a conspicuous void in migration literature as there are no comprehensive books on migrant literatures in Europe that address the full range of complexities of colonial legacies and linguistic productions

De zwaartekracht overwonnen

Yves T'Sjoen, 2004 In deze aflevering van het jaarboek staat de allochtone etnische of migrantenliteratuur centraal en wordt de zwart wit tegenstelling autochtoon allochtoon alsof het twee exclusieve homogene en oppositionele categorie n zijn in het hedendaagse literaire landschap aan de hand van enkele uitgewerkte casestudies in vraag gesteld
