De Stem Van Het Vaderland

Barthold Henrik Lulofs

De Stem Van Het Vaderland:

The Great War in Belgium and the Netherlands Felicity Rash, Christophe Declercq, 2018-07-02 This book addresses the many avenues that are still left unexplored when it comes to our understanding of the First World War in the Low Countries. With the ongoing centenary of the Great War many events have been organized in the United Kingdom to commemorate its military events, its socio-political consequences and its cultural legacy. Of these events very few have paid attention to the fates of Belgium or the Netherlands even though it was the invasion of Belgium in August 1914 that was the catalyst for Great Britain declaring war. The occupation of Belgium had long-term consequences for its people but much of the military and social history of the Western Front concentrates on northern France and the Netherlands is largely forgotten as a nation affected by the First World War. By opening the field beyond the military and beyond the front this collection explores the interdisciplinary and international nature of the Great War. *De soldaten; een visioen* A. van Collem, 1927

Immigration and Exile Foreign-Language Press in the UK and in the US Stéphanie Prévost, Bénédicte Deschamps, 2023-12-14 Both Britain and the United States have had a long history of harbouring foreign political exiles who often set up periodicals which significantly contributed to community building and political debates. However, this varied and complex journalism has received little attention to date, particularly regarding the languages in which it was produced. This wide-ranging edited volume brings together for the first time interdisciplinary case studies of the exile foreign language press in French, German, Italian, Spanish, Russian, Flemish, Polish among other languages across Britain and the US, establishing a useful comparative framework to explore how periodicals tackled key political, linguistic and literary issues from the 19th century to the present day. Building on the existing literature on the exile foreign language press in the United States and developing the study of this phenomenon in the British context, *Immigration and Exile Foreign Language Press in the UK and in the US* offers fresh perspectives into how these marginalised periodicals influenced the political, economic and social contexts that brought them into existence. This is a major contribution to the burgeoning field of transnational periodicals and will be of interest to anyone studying the history of the Anglo-American press, the history of immigration and cultural history. *De huisvriend*, 1856 **Nieuwsblad Voor Den Boekhandel**, 1891 With 1855-1927 are issued and bound *Handelingen van de algemeene vergadering* Advances in the Creation and Revision of Writing Systems Joshua A.
