Dead Boys Cant Dance Sexual Orientation Masculinity And Suicide:

Dead Boys Can't Dance Michel Dorais, 2004-03-10 Dorais and Lajeunesse analyse the adverse ways being stigmatized as homosexual affects personality and behaviour discerning four types of reaction the perfect boy whose perfectionism and asexuality are an attempt to minimize the difference between how he is perceived and what he is supposed to be the chameleon who attempts to keep everyone from suspecting his secret but constantly feels like an impostor the token fag who serves as a scapegoat to his peers especially at school and suffers a consequent rejection and lack of self esteem and the rebel who actively rejects any stigma based on his sexual orientation and non conformity They show that those who are heterosexual but suspected of being homosexual are most at risk of suicide and make recommendations for suicide prevention
