Christian Political Witness:

Jesus and the Powers N. T. Wright, Michael F. Bird, 2024-03-26 An urgent call for Christians everywhere to explore the nature of the kingdom amid the political upheaval of our day Should Christians be politically withdrawn avoiding participation in politics to maintain their prophetic voice and to keep from being used as political pawns Or should Christians be actively involved seeking to utilize political systems to control the levers of power In *Jesus and the Powers* N T Wright and Michael F Bird call Christians everywhere to discern the nature of Christian witness in fractured political environments In an age of ascending autocracies in a time of fear and fragmentation amid carnage and crises Jesus is king and Jesus's kingdom remains the object of the church's witness and work Part political theology part biblical overview and part church history this book argues that building for Jesus's kingdom requires confronting empire in all its forms This approach should orient Christians toward a form of political engagement that contributes to free democratic societies and vigorously opposes political schemes based on autocracy and nationalism Throughout Wright and Bird reflect on the relevance of this kingdom oriented approach to current events including the Russian Ukraine conflict the China Taiwan tension political turmoil in the USA UK and Australia and the problem of Christian nationalism

Scandalous Witness Lee C.

Camp, 2020-03-10 Christian identity is in moral and political crisis scandalized by the many ways in which it has been coopted and misrepresented Addressing this painful reality Lee Camp writes that Christianity in America has been made into a bad

public joke because of our failure to rightly understand what Christianity is From this provocative claim Camp's manifesto makes the convincing case that a renewed Christian politic is more essential than ever one that is neither left nor right nor religious but a prophetic way of life modeled after Jesus of Nazareth Camp's robust vision exposes modern parodies of faith the American concept of Christian values for one and challenges Christians to rethink who they are and how they participate in the modern world Authentic gospel truth is a scandal to the American myth he argues and we are called to be scandalous witnesses

The Politics of Witness Allan R Bevere, 2011-06-14 Can a church that is compromised through dependence on temporal political power speak with a powerful prophetic voice in the world As the body of Christ the church has a prophetic role in the world Prophets have always spoken clearly to people in power They have been willing to challenge the decisions made by people who thought they were not accountable to anyone Sometimes the prophets were respected sometimes persecuted but they were never ignored or regarded as irrelevant So why is it that the church today cannot speak truth effectively to power In *The Politics of Witness* Dr Allan R Bevere asks these questions and proposes an answer The church has come to depend too much on temporal power and has thus forgotten its divine authority In finding this answer he goes back to the founding of the church and how it first became dependent on the state He examines those who have followed mostly building a political theory that takes the responsibility of ministry from the church and gives it to the state You'll find some names in this that might surprise you Any discussion of Christianity and the state will involve Emperor Constantine but what about his modern lieutenants such as Locke Jefferson Franklin and others While the theology applies to the church in any country Dr Bevere takes a particular look at the peculiarly American view that the United States of America is somehow God's chosen people a nation of destiny in accomplishing the gospel mission This book balances brevity with a broad intellectual and historical reach You will be taken from the founding and foundation structure of Christian theology today to a proposal for how we as the Church can reclaim our prophetic witness In the current political atmosphere every Christian needs to read this book

Revolutionary Christian Citizenship John Howard Yoder, 2013-09-13 In a world where many believers have lost a sense of their true home in God's alternative society *Revolutionary Christian Citizenship* addresses the difficulties of being both a follower of Jesus and a citizen of a political nation Down to earth and original theologian John Howard Yoder challenges traditional understanding of politics and reconsiders Christian citizenship in three parts the witness of Jesus the witness of the church and witness in action More accessible and practical than most of Yoder's works *Revolutionary Christian Citizenship* bridges the gap between faith and politics equipping us to faithfully represent Christ in society and wage peace in a world of war Book Two in the Yoder for Everyone series Free downloadable study guide available [here](#)

Evangelism and Politics John C. Barrett, 2020-02-20 In a fallen world politics will be a brutal at times violent sport Grandstanding demonizing misleading and lying are the native language of political debate Violence is historically how political conflicts are ultimately resolved This fact raises important questions about our faith Should Christians participate in

politics and government If so how should we participate Evangelism Politics argues that Christians should participate in politics and government but their ultimate goal in doing so is evangelism not political change The way Christians participate in politics is therefore generally more important than the specific policies they advocate for In short Christian participation in politics should be marked by the fruit of the spirit At the same time Christians should not be naive in thinking godly engagement in politics guarantees political success Ungodly tactics are effective and Christians will be at a political disadvantage when they refuse to use such methods Nevertheless Christians should refuse to use them because they see God not the government as their ultimate protector and provider and godly engagement in politics as a way of providing an evangelistic witness to society that fulfills the Great Commission Christian Ethics as Witness David Haddorff,2011-01-01 Christian ethics is less a system of principles rules or even virtues and more of a free and open ended responsible witness to God s gracious action to be with and for others and the world Postmodernity has left us with the risky uncertainty of knowing and doing the good It also leaves us with the global risks of political violence and terrorism economic globalization and financial crisis and environmental destruction and global climate change How should Christians respond to these problems This book creatively explores how Christian ethics is best understood a witness to God s action thereby providing the ethical framework for addressing the various problematic social issues that put our world at risk Haddorff develops the notion of witness through a detailed study of Karl Barth s theological ethics Barth he argues provides a language enabling us to know what a Christian ethics of witness actually looks like in both theory and in practice In correspondence to God s gracious action Christians remain free to think and act in faith hope and love in response to their unique circumstances even in a world at risk In their witness Christians remain confident that God has not abandoned the world but loves and cares for its future *Christian Political Ethics* John A. Coleman,2009-01-10 Christian Political Ethics brings together leading Christian scholars of diverse theological and ethical perspectives Catholic Lutheran Calvinist and Anabaptist to address fundamental questions of state and civil society international law and relations the role of the nation and issues of violence and its containment Representing a unique fusion of faith centered ethics and social science the contributors bring into dialogue their own varying Christian understandings with a range of both secular ethical thought and other religious viewpoints from Judaism Islam and Confucianism They explore divergent Christian views of state and society and the limits of each They grapple with the tensions that can arise within Christianity over questions of patriotism civic duty and loyalty to one s nation and they examine Christian responses to pluralism and relativism globalization and war and peace Revealing the striking pluralism inherent to Christianity itself this pioneering volume recasts the meanings of Christian citizenship and civic responsibility and raises compelling new questions about civil disobedience global justice and Christian justifications for waging war as well as spreading world peace It brings Christian political ethics out of the churches and seminaries to engage with today s most vexing and complex social issues The contributors are Michael Banner Nigel Biggar Joseph Boyle Michael

G Cartwright John A Coleman S J John Finnis Theodore J Koontz David Little Richard B Miller James W Skillen and Max L Stackhouse *The Future of Faith in American Politics* David P. Gushee, 2008 David Gushee argues convincingly that there is in U S politics an evangelical center of voters who do not identify with the politics and religion of either the right or the left Although evangelical Christians are portrayed by the media as conservatives Gushee claims that the evangelical movement includes nearly even numbers of voters on the right in the center and on the left of the political spectrum He provides portraits of the major figures in each of the three camps outlines the core convictions of the adherents and analyzes the strengths and weaknesses of each group s positions He suggests that the evangelical center is poised for growth this book could be its manifesto
