Handbook of Research on Assessment Literacy and Teacher-Made Testing in the Language Classroom White, Eddy, Delaney, Thomas, 2018-11-23 The evaluation of student performance and knowledge is a critical element of an educator's job as well as an essential step in the learning process for students. The quality and effectiveness of the evaluations given by educators are impacted by their ability to create and use reliable and valuable evaluations to facilitate and communicate student learning. While making abstract concepts and guidelines clear with hundreds of real-world illustrations and examples of what actual teachers do, offering a variety of engaging learning tools and realistic stories from the classroom, this text will give any reader a strong foundation for designing modern assessments in their own classrooms.
