Passing Orders S. Jonathon O'Donnell, 2020-12-01 Demonization has increasingly become central to the global religious and political landscape *Passing Orders* interrogates this centrality through an analysis of evangelical spiritual warfare demonologies in contemporary America Situating spiritual warfare as part of broader frameworks of American exceptionalism ethnonationalism and empire management author S Jonathon O'Donnell exposes the theological foundations of the systems of queer and transphobia anti blackness Islamophobia and settler colonialism that justify the dehumanizing practices of the current U S political order O'Donnell argues that demonologies are not only tools of dehumanization but also ontological and biopolitical systems that create and maintain structures of sovereign power or orthotaxies models of the right ordering of space time and bodies that stratify humanity into hierarchies of being and nonbeing Alternative orders are demonized as passing framed as counterfeit transgressive and transient Yet these orders refuse to simply pass on instead giving strength to deviant desires that challenge the legitimacy of sovereign violence Critically examining this challenge in the demonologies of three figures Jezebel the Islamic Antichrist and Leviathan *Passing Orders* reimagines demons as a surprising source of political and social resistance reflecting fragile and fractious communities bound by mutual passing and precarity into strategic coalitions of solidarity subversion and survival

The Christian Countercult Movement Douglas E. Cowan, 2023-08-24 Many seemingly strange questions on yoga salvation religious pluralism and so forth have been actively debated among members of a small but influential group of evangelical apologists known as the Christian countercult movement This Element explores the history of this movement from its origins in the anti heresy writings of the early church to its modern development as a reaction to religious pluralism in North America It contrasts the apologetic Christian countercult movement with its secular anticult counterpart and explains how faith based opposition both to new religious movements and to non Christian religions will only deepen as religious pluralism increases It provides a concise understanding of the two principal goals of Christian countercult apologetics support for the evangelization of non Christian believers and maintenance for the perceived superiority of the evangelical Christian worldview

The Conqueror's Tread

Shandon L. Guthrie,2022-02-02 For many Christians the concept of spiritual warfare involves scenarios that are often enchanting extravagant and even parapsychological Hard lined skeptics respond by treating it instead as an archaic and outmoded superstition a farce While we might think a simple reading of Scripture will settle the matter this has not been the case since those writing on the subject are tacitly influenced by dubious philosophical commitments and presuppositions left unchecked This groundbreaking book incorporates philosophical reasoning in formulating for the everyday Christian a robust biblical doctrine of spiritual warfare It is a serious but readable attempt to understand what spiritual warfare is by addressing both the theological and philosophical issues involved The Conqueror s Tread dares to take a reasoned approach to pressing questions such as Do supernatural beings really exist If so what are they and what can they do Are there territorial spirits Is exorcism a part of spiritual warfare Does spiritual warfare involve speaking aloud prayerwalking and breaking curses What can evil spirits do to Christians Can Christians be demon possessed Why would God allow his people to be in a state of conflict with evil spirits What is Christian holiness and how do we pursue it What role does apologetics have and many more
