Croteau,2016-09-21 Some in the church find it very difficult to talk about money but it's a subject that cannot be avoided The church needs money to continue to function Missionaries need money to carry the gospel As a result however reluctant we are to talk about it we have to do so And when we do so we often generate more confusion and resentment than cash Some churches require that members be tithers before they can take positions of leadership This in turn can result in a sort of spying by one believer on another How much do we each earn Is our giving equal to 10% of our income On the other hand there are those who discount tithing and consider themselves tithers because they give two or three percent of their income They may say that they tithe 3% of their income But what exactly does the Bible teach about tithing and how does that apply to us today Is there a way for us to become grace filled givers Can stewardship giving and financing the work of building the kingdom become a joy rather than a duty or a source of dissension David Croteau has written at length on this topic before In this volume of the Areopagus Critical Christian Issues series he undertakes a brief examination of tithing stewardship and giving He starts by asking just what the Israelites were called on to give by the scriptures He then follows through the various arguments in favor of tithing as a law applicable to Christians and shows how these arguments fail Finally he discusses a basis for gracious joyful giving as God directs each of us In just 96 pages including all the front matter you'll find your understanding of Christian stewardship changed You won't find here a license for apathy or selfishness Instead you'll find a challenge to discover and do God's will in your finances as in every other area of your life **Let Me See Thy Glory**
