Designing The Modern Interior From The Victorians To Today:

Designing the Modern Interior Penny Sparke, Anne Massey, Trevor Keeble, Brenda Martin, 2009-06-01 A Choice Outstanding Academic Title 2010 *Designing the Modern Interior* reveals how the design of the inside spaces of our homes and public buildings is shaped by and shapes our modern culture The modern interior has often been narrowly defined by the minimalist work of elite reforming architects But a shared modernising impulse expressed in interior design extends at least as far back as the Victorians and reaches to our own time And this spirit of modernisation manifested itself in interiors designed both by professionals and by amateurs which did not necessarily look modern and often even aimed to imitate the past *Designing the Modern Interior* presents a new history of the interior from the late 19th to the 21st century Particular characteristics are consistent across this period a progressive attitude towards technology a hyper consciousness of what it is to live in the present and the future an overt relationship with the mass media mass consumption and the marketplace an emphasis on individualism interiority and the self the construction of identities determined by gender class race sexuality and nationhood and the experiences of urban and suburban life

social issues The Handbook of Interior Architecture and Design provides a pioneering overview of the ideas and arrangements within the two disciplines that make them such important platforms from which to study the way humans interact with the space around them Covering a wide range of thought and research the book enables the reader to investigate fully the changing face of interior architecture and interior design while offering questions about their future trajectory
