Destruction Was My Beatrice Dada And The Unmaking Of The Twentieth Century:

Destruction Was My Beatrice Jed Rasula, 2015-06-02 In 1916 as World War I raged around them a group of bohemians gathered at a small nightclub in Zurich Switzerland for a series of bizarre performances Three readers simultaneously recited a poem in three languages a monocle wearing teenager performed a spell from New Zealand another young man flung bits of papier m ch into the air and glued them into place where they landed One of these artists called the sessions both buffoonery and a requiem mass Soon they would be known by a more evocative name Dada In *Destruction Was My Beatrice* modernist scholar Jed Rasula presents the first narrative history of the emergence decline and legacy of Dada showing how this strange artistic phenomenon spread across Europe and then the world in the wake of the Great War fundamentally reshaping modern culture in ways we re still struggling to understand today

Literary History and Avant-Garde Poetics in the Antipodes A. J. Carruthers, 2024-03-05 Avant garde poetry in the Antipodes causes all sorts of trouble for literary history It is an avant garde that seems to arrive too late and yet right on time In 1897 Christopher Brennan made his own version of *Un Coup de Des* the same year Mallarme published it in *Cosmopolis* In the 1940s the same period avant gardism was declared dead or fatally injured due to the Ern Malley affair Harry Hooton began writing a significant body of experimental poetry From the 1950s to the 1970s Australian Dada emerged belatedly through figures like Jas H Duke Tristan Tzara had previously sung Aboriginal songs at the Cabaret Voltaire in 1916 First Nations and Migrant poets then began reinventing avant garde poetry in the twentieth and early twenty first centuries This book maintains that such a confounding literary history poses a distinct challenge to the theories of the avant gardes we have become accustomed to and changes our perspective of avant garde time

John Cale's Paris 1919 Mark Doyle, 2025-02-06 John Cale s enigmatic masterpiece *Paris 1919* appeared at a time when the artist and his world were changing forever It was 1973 the year of the Watergate hearings and the oil crisis and Cale was at a crossroads The white hot rage of his *Velvet Underground* days was nearly spent now he was living in Los Angeles working for a record company and making music when time allowed He needed to lay to rest some ghosts but he couldn t do that without scaring up others *Paris 1919* was the result In this vivid wide ranging book Mark Doyle hunts down the ghosts haunting Cale s most enduring solo album There are the ghosts of New York of the Velvets Nico and Warhol that he smuggled into Los Angeles in his luggage There is the ghost of Dylan Thomas a fellow Welshman who haunts not just *Paris 1919* but much of Cale s life and art There are the ghosts of history of a failed peace and the artists who sought the truth in dreams And there are the ghosts of Christmas surprising visitors who bring a nostalgic warmth and a touch of wintry dread With erudition and wit Doyle offers new ways to listen to an old album whose mysteries will never fully be resolved

A Violent Peace Carolyn N. Biloft,2021-05-03 The newly born League of Nations confronted the post WWI world from growing stateless populations to the resurgence of right wing movements by aiming to create a transnational cosmopolitan dialogue on justice As part of these efforts a veritable army of League personnel set out to shape global public opinion in favor of the postwar liberal international order Combining the tools of global intellectual history and cultural history A Violent Peace reopens the archives of the League to reveal surprising links between the

political use of modern information systems and the rise of mass violence in the interwar world Historian Carolyn N Biltoft shows how conflicts over truth and power that played out at the League of Nations offer broad insights into the nature of totalitarian regimes and their use of media flows to demonize a whole range of others An exploration of instability in information systems the allure of fascism and the contradictions at the heart of a global modernity *A Violent Peace* paints a rich portrait of the emergence of the age of information and all its attendant problems

Invalid Modernism Michael Davidson, 2019-01-04 *Invalid Modernism* contributes to an intersectional moment in disability studies by looking at modernist aesthetics through a defamiliar body It also offers an intersectional understanding of modernism by studying the representation of physical and cognitive difference during a period marked by progressive reforms in health labor and welfare Readings of texts by Henry James Samuel Beckett Virginia Woolf William Carlos Williams James Joyce Djuna Barnes Oscar Wilde F T Marinetti Jean Toomer an opera by Alexander Zemlinsky and paintings and constructions by dadaists and surrealists are set against the historical developments in sexology medical discourse and the pseudo sciences of eugenics and anthropometry Modernist works are well known for challenging formal features of narration and representation but it is seldom observed that this challenge has often been enabled by figures of shell shocked veterans tubercular heroines blind soothsayers invalid aesthetes and neurasthenic women Such figures complicate an aesthetics of autonomy by which modernism is often understood Since its evolution in the eighteenth century aesthetics has been seen in terms of judgments based on detached appreciation What begins as a highly privative sensate response to an object or natural formation results in a disinterested judgment about the value of that response By looking at modernist aesthetics through a disability optic *Invalid Modernism* attempts to restore the missing body to aesthetics by disclosing a structure of feeling around dramatic changes in modernity These changes are registered on and through the bodies and minds of figures considered in medical discourse of the period as invalid citizens and subjects

Who Will Pay Reparations on My Soul?: Essays Jesse McCarthy, 2021-03-30 2022 Whiting Award Winner for Nonfiction Finalist National Book Critics Circle Award Criticism Best Books of the Year TIME Kirkus Reviews This is a very smart and soulful book Jesse McCarthy is a terrific essayist Zadie Smith A supremely talented young critic s essays on race and culture from Toni Morrison to trap herald the arrival of a major new voice in American letters Ranging from Ta Nehisi Coates s case for reparations to Toni Morrison s revolutionary humanism to D Angelo s simmering blend of R B and racial justice Jesse McCarthy s bracing essays investigate with virtuosic intensity the art music literature and political stances that have defined the twenty first century Even as our world has suffered through successive upheavals McCarthy contends something was happening in the world of culture a surging and unprecedented visibility at every level of black art making *Who Will Pay Reparations on My Soul* reckons with this resurgence arguing for the central role of art and intellectual culture in an age of widening inequality and moral crisis McCarthy reinvigorates the essay form as a space not only for argument but for experimental writing that mixes and chops

the old ways into new ones In Notes on Trap he borrows a conceit from Susan Sontag to reveal the social and political significance of trap music the drug soaked strain of Southern hip hop that as he puts it is the funeral music that the Reagan Revolution deserves In Back in the Day McCarthy a black American raised in France evokes his childhood in Paris through an elegiac account of French rap in the 1990s In The Master's Tools the relationship between Spanish painter Diego Velázquez and his acolyte slave Juan de Pareja becomes the lens through which Kehinde Wiley's paintings are viewed while To Make a Poet Black explores the hidden blackness of Sappho and the erotic power of Phillis Wheatley Essays on John Edgar Wideman Claudia Rankine and Colson Whitehead survey the state of black letters In his title essay McCarthy takes on the question of reparations arguing that true progress will not come until Americans remake their institutions in the service of true equality As he asks What can reparations mean when the damage cannot be accounted for in the only system of accounting that a society recognizes For readers of Teju Cole's Known and Strange Things and Mark Greif's Against Everything McCarthy's essays portray a brilliant young critic at work making sense of our disjointed times while seeking to transform our understanding of race and art identity and representation

Poetics of Cognition Jessica Lewis Luck, 2023-08-14 *Poetics of Cognition* investigates the material effects of experimental poetics using new evidence emerging from cognitive science It asks How do experimental poems think and how do we think through them Examining experimental modes such as the New Sentence proceduralism projective verse sound poetry and visual poetry Jessica Lewis Luck argues that experimental poems materialize not so much the content as the activity of the embodied mind and they can thus function as a powerful scaffolding for extended cognition both for the writer and the reader While current critical approaches tend to describe the effects of experimentalism solely in terms of emotion and sensation Luck shifts from the feeling to the thinking that these poems can generate expanding the potential blast radius of experimental poetic effects into areas of linguistic sonic and visual processing and revealing a transformational potency that strictly affective approaches miss The cognitive research Luck draws upon suggests that the strangeness of experimental poetry can reshape the activity of the reader's mind creating new forms of attention perception and cognition This book closes by shifting from theory to praxis extracting forms of teaching from the forms of thinking that experimental poems instill in order to better enable their transformative effects in readers and to bring poetry pedagogy into the twenty first century
