Deuteronomy Patrick D. Miller,1990 The Construction of Exodus Identity in Ancient Israel Linda M.

Stargel,2018-05-22 Collective identity creates a sense of us ness in people It may be fleeting and situational or long lasting and deeply ingrained Competition shared belief tragedy or a myriad of other factors may contribute to the formation of such group identity Even people detached from one another by space anonymity or time may find themselves in a context in which individual self concept is replaced by a collective one How is collective identity particularly the long lasting kind created and maintained Many literary and biblical studies have demonstrated that shared stories often lie at the heart of it This book examines the most repeated story of the Hebrew Bible the exodus story to see how it may have functioned to construct and reinforce an enduring collective identity in ancient Israel A tool based on the principles of the social identity approach is created and used to expose identity construction at a rhetorical level The author shows that exodus stories are characterized by recognizable language and narrative structures that invite ongoing collective identification *The Road Home* Sara Covin Juengst,2002-01-01 A biblical study for lay readers that focuses on images of the journey and the road and how those images and the issues they raise in Scripture relate to life events **Approaches to the 'Chosen Place'** Rannfrid I. Thelle,2014-04-10 Deuteronomy s command to restrict cultic practice to one chosen place has occupied a central position in scholars understandings of the book and their reconstruction of Israelite political and religious history The debates about the date of Deuteronomy its proposed connections to Josiah s reform and most profoundly the Deuteronomistic History DH hypothesis have dominated study of the idea of chosen place These debates have to a large extent determined how we read Deuteronomy and the Former Prophets in general Through a reading of key texts from these corpora this book provides a new textually grounded perspective of the chosen place *Children's Perceptions of the Role of Biblical Narratives in Their Spiritual Formation* Annie George,2017-02-28 In the Bible storytelling is an important means to pass on the revelation of God God repeatedly commanded the people of Israel to tell his mighty acts to the next generation Invariably churches follow this mandate and use biblical narratives as a means to transmit God s self revelation to enable transformation The author Dr Annie George listens to the voices of children in order to understand their perceptions of how storytelling of biblical narratives help them in their spiritual formation Dr George s research highlights the importance of evaluating the impact of biblical narratives from a child s perspective as well as emphasising the need to give the same priority to the spiritual transformation of children as with other areas of study and ministry **Introducing the Old Testament** Rolf A. Jacobson,Michael J. Chan,2023-03-14 This lively engaging introduction to the Old Testament is critical and theological lavishly illustrated and accompanied by a variety of pedagogical aids It serves as the Old Testament counterpart to Mark Allan Powell s successful *Introducing the New Testament* over 105 000 copies sold *Introducing the Old Testament* presents disputed and controversial issues fairly neither dictating conclusions nor privileging skepticism over faith based perspectives

Memories of Asaph Karl N. Jacobson,2017-06-15 Although the Psalms of Asaph Pss 50 73 83 contain a concentration of historical referents unparalleled in the Psalter they have rarely attracted sustained historical interest Karl N Jacobson identifies these psalms as containing cultic historiography historical narratives written for recitation in worship and explores them through mnemohistory attending to how the past is remembered and to the rhetorical function of recitation in the cultic setting Jacobson describes mnemohistory at the intersection of memory and history explores the singularity of the rhetorical and formal aspects of remembrance in the Asaph material and discusses residual mnemohistory material that is not intentionally called to remembrance Jacobson shows that Asaph remembers the past as a movement from henotheism to a more orthodox form of Yahwism as the core memory that informs a new historical situation for worship participants By describing the way Asaph remembers Jacobson highlights symbolic and individualized elements of the psalms mnemohistorical work that earlier form critical approaches failed to recognize

Everyone Must Eat Mark L. Yackel-Juleen,2021-12-07 Rural contexts are often overlooked treated as flyover land But because everyone must eat rural communities and their work in food production are important to the whole of society Mark Yackel Juleen spent many years in rural ministry and is the founder and executive director of Shalom Hill Farm He offers valuable insight on the present issues of food production and environmental sustainability and
