Robert F Kennedy knelt in a crumbling shack in Mississippi trying to coax a response from a listless child The toddler sat picking at dried rice and beans spilled over the dirt floor as Kennedy former US attorney general and brother to a president touched the boy's distended stomach and stroked his face and hair After several minutes with little response the senator walked out the back door wiping away tears In *Delta Epiphany* Robert F Kennedy in Mississippi Ellen B Meacham tells the story of Kennedy's visit to the Delta while also examining the forces of history economics and politics that shaped the lives of the children he met in Mississippi in 1967 and the decades that followed The book includes thirty seven powerful photographs a dozen published here for the first time Kennedy's visit to the Mississippi Delta as part of a Senate subcommittee investigation of poverty programs lasted only a few hours but Kennedy the people he encountered Mississippi and the nation felt the impact of that journey for much longer His visit and its aftermath crystallized many of the domestic issues that later moved Kennedy toward his candidacy for the presidency Upon his return to Washington Kennedy immediately began seeking ways to help the children he met on his visit however his efforts were frustrated by institutional obstacles and blocked by powerful men who were indifferent and at times hostile to the plight of poor black children Sadly we know what happened to Kennedy but this book also introduces us to three of the children he met on his visit including the baby on the floor and finishes their stories Kennedy talked about what he had seen in Mississippi for the remaining fourteen months of his life His vision for America was shaped by the plight of the hungry children he encountered there I Don't

Like the Blues B. Brian Foster, 2020-10-08 How do you love and not like the same thing at the same time This was the riddle that met Mississippi writer B Brian Foster when he returned to his home state to learn about Black culture and found himself hearing about the blues One moment Black Mississippians would say they knew and appreciated the blues The next they would say they didn't like it For five years Foster listened and asked How Why not Will it ever change This is the story of the answers to his questions In this illuminating work Foster takes us where not many blues writers and scholars have gone into

the homes memories speculative visions and lifeworlds of Black folks in contemporary Mississippi to hear what they have to say about the blues and all that has come about since their forebears first sang them In so doing Foster urges us to think differently about race place and community development and models a different way of hearing the sounds of Black life a method that he calls listening for the backbeat
