Delusions And The Madness Of The Masses:

Delusions and the Madness of the Masses Lawrie Reznek, 2010 We all think that we can tell the difference between someone who is mad or whom psychiatrists call psychotic and someone who is sane But can we really tell who is mad and who is not Do we really know what madness is and how it should be recognized Have psychiatrists made a sensible distinction between the patient who believes that aliens are beaming messages to him from a foreign planet and the religious fanatic who believes God communicates to him via automatic writing Is there a difference between the paranoid patient who believes that the FBI is after him and the sizeable proportion of our normal population that believe that the US government orchestrated the 9 11 bombings Here Reznek hopes to shed light on the delusions of the masses those delusions that are common to everyday people living so called ordinary lives He provides an understanding of madness and the psychological processes that drive us to adopt delusions arguing that it is a mistake to view only schizophrenic patients as delusional while excluding large groups of society from such an analysis If we abandon the idea that whole communities cannot share a delusion we can come to a better understanding about why the world is such a dangerous place Extraordinary Popular Delusions Charles Mackay, 2012-05-03 DIV Classic survey of crowd psychology takes an illuminating entertaining look at 3 historic swindles The Mississippi Scheme The South Sea Bubble and Tulipomania Essential reading for investors div

Extraordinary Popular Delusions and the Madness of Crowds Charles Mackay, 2011-02-02 First published in 1841 *Extraordinary Popular Delusions and the Madness of Crowds* is often cited as the best book ever written about market psychology This Harriman House edition includes Charles Mackay's account of the three infamous financial manias John Law's Mississippi Scheme the South Sea Bubble and Tulipomania Between the three of them these historic episodes confirm that greed and fear have always been the driving forces of financial markets and furthermore that being sensible and clever is no defence against the mesmeric allure of a popular craze with the wind behind it In writing the history of the great financial manias Charles Mackay proved himself a master chronicler of social as well as financial history Blessed with a cast of characters that covered all the vices gifted a passage of events which was inevitably heading for disaster and with the benefit of hindsight he produced a record that is at once a riveting thriller and absorbing historical document A century and a half later it is as vibrant and lurid as the day it was written For modern day investors still reeling from the dotcom crash the moral of the popular manias scarcely needs spelling out When the next stock market bubble comes along as it surely will you are advised to recall the plight of some of the unfortunates on these pages and avoid getting dragged under the wheels of the careering bandwagon yourself **The Crowd & Extraordinary Popular Delusions and the Madness of Crowds** Gustave Le Bon, Charles Mackay, 2007-07 The market never ceases to befuddle and beguile These two venerable works are fixtures on the short lists for most valuable books on the securities markets and investors continue to cherish them From the introduction by Martin S Fridson managing director Merrill Lynch Co author of *Investment Illusions* Exploring the sometimes hilarious

sometimes devastating impact of crowd behavior and trading trickery on the financial markets this book brilliantly combines two all time investment classics Extraordinary Popular Delusions and Confusions and Tulipmania in 1634 when tulips actually traded at a higher price than gold to the South Sea bubble of 1720 and beyond Securities analyst and author Martin Fridson guides you on a quirky entertaining and intriguing journey back through time Chosen by the Financial Times as Two of the Ten Best Books Ever Written on Investment Memoirs of Extraordinary Popular Delusions Charles Mackay,2018-05-02 Memoirs of Extraordinary Popular Delusions and the Madness of Crowds by Charles Mackay Extraordinary Popular Delusions and the Madness of Crowds is an early study of crowd psychology by Scottish journalist Charles Mackay first published in 1841 In reading the history of nations we find that like individuals they have their whims and their peculiarities their seasons of excitement and recklessness when they care not what they do We find that whole communities suddenly fix their minds upon one object and go mad in its pursuit that millions of people become simultaneously impressed with one delusion and run after it till their attention is caught by some new folly more captivating than the first We see one nation suddenly seized from its highest to its lowest members with a fierce desire of military glory another as suddenly becoming crazed upon a religious scruple and neither of them recovering its senses until it has shed rivers of blood and sowed a harvest of groans and tears to be reaped by its posterity At an early age in the annals of Europe its population lost their wits about the sepulchre of Jesus and crowded in frenzied multitudes to the Holy Land another age went mad for fear of the devil and offered up hundreds of thousands of victims to the delusion of witchcraft Memoirs of Extraordinary Popular Delusions Charles Mackay,2018-06-23 Memoirs of Extraordinary Popular Delusions and the Madness of Crowds by Charles Mackay Extraordinary Popular Delusions and the Madness of Crowds is an early study of crowd psychology by Scottish journalist Charles Mackay first published in 1841 Some of the subjects introduced may be familiar to the reader but the Author hopes that sufficient novelty of detail will be found even in these to render them acceptable while they could not be wholly omitted in justice to the subject of which it was proposed to treat The memoirs of the South Sea madness and the Mississippi delusion are more complete and copious than are to be found elsewhere and the same may be said of the history of the Witch Mania which contains an account of its terrific progress in Germany a part of the subject which has been left comparatively untouched by Sir Walter Scott in his Letters on Demonology and Witchcraft the most important that have yet appeared on this fearful but most interesting subject Religious matters have been purposely excluded as incompatible with the limits prescribed to the present work a mere list of them would alone be sufficient to occupy a volume *Guilty Acts, Guilty Minds* Stephen P. Garvey,2020-05-25 Guilty Acts Guilty Minds proposes an understanding of actus reus and mens rea the guilty act and guilty mind as limits on the authority of a democratic state to ascribe guilt Going beyond discussions of legal justice Stephen Garvey argues for actus reus and mens rea as necessary conditions among others for the legitimacy of state punishment **Extraordinary Popular Delusions and the Madness of Crowds** Charles

MacKay, 2020-12-14 *Extraordinary Popular Delusions and the Madness of Crowds* is a study of crowd psychology by Scottish journalist Charles Mackay. The subjects of Mackay's debunking include witchcraft, alchemy, crusades, duels, economic bubbles, fortune telling, haunted houses, the Drummer of Tedworth, the influence of politics and religion on the shapes of beards and hair magnetizers, influence of imagination in curing disease, murder through poisoning, prophecies, popular admiration of great thieves, popular follies of great cities and relics. Contents: Volume 1: National Delusions, The Mississippi Scheme, The South Sea Bubble, The Tulipomania, Relics, Modern Prophecies, Popular Admiration for Great Thieves, Influence of Politics and Religion on the Hair and Beard Duels and Ordeals, The Love of the Marvellous and the Disbelief of the True Popular Follies in Great Cities, Old Price Riots, The Thugs or Phansigars. Volume 2: Peculiar Follies, The Crusades, The Witch Mania, The Slow Poisoners, Haunted Houses. Volume 3: Philosophical Delusions, The Alchemists, Fortune Telling, The Magnetisers. **Memoirs of Extraordinary Popular Delusions and the Madness** Charles MacKay, 2017-03-13 *Extraordinary Popular Delusions and the Madness of Crowds* is an early study of crowd psychology by Scottish journalist Charles Mackay, first published in 1841. The book chronicles its subjects in three parts: National Delusions, Peculiar Follies, and Philosophical Delusions. MacKay was an accomplished teller of stories though he wrote in a journalistic and somewhat sensational style. The subjects of Mackay's debunking include alchemy, crusades, duels, economic bubbles, fortune telling, haunted houses, the Drummer of Tedworth, the influence of politics and religion on the shapes of beards and hair magnetisers, influence of imagination in curing disease, murder through poisoning, prophecies, popular admiration of great thieves, popular follies of great cities and relics. Present day writers on economics such as Michael Lewis and Andrew Tobias laud the three chapters on economic bubbles. Scientist and astronomer Carl Sagan mentioned the book in his own discussion about pseudoscience, popular delusions, and hoaxes. In later editions, Mackay added a footnote referencing the Railway Mania of the 1840s as another popular delusion which was at least as important as the South Sea Bubble. Mathematician Andrew Odlyzko has pointed out in a published lecture that Mackay himself played a role in this economic bubble as leader writer in the *Glasgow Argus*. MacKay wrote on 2 October 1845: "There is no reason whatever to fear a crash." Author bio: Charles Mackay (27 March 1814 – 24 December 1889) was a Scottish poet, journalist, author, anthologist, novelist, and songwriter, remembered mainly for his book *Extraordinary Popular Delusions and the Madness of Crowds*. **Extraordinary Popular Delusions and the Madness of Crowds** Charles Mackay, 2017-09-18 This edition represents an early study of crowd psychology by Scottish journalist Charles Mackay. The book chronicles its subjects in three parts: National Delusions, Peculiar Follies, and Philosophical Delusions.
