Callister, 2023-07-10 America's Destiny sets forth compelling evidence of America's divine origin and destiny that it was a nation founded upon divine providence not coincidence as testified repeatedly by the Founding Fathers respected historians and statesmen This revised edition also adds numerous scriptures and statements from prophets of God attesting to this truth With that perspective America's Destiny asks the question that should be on all of our minds What is the greatest challenge facing our nation today and how should we confront it in a way that pleases God The economy national security immigration gun control poverty racism crime national pandemics climate change While each of these is a valid concern and deserves attention none of them strikes at the heart of our greatest challenge namely finding a way to build stronger homes and bring about a return to family God and moral values To put our prime focus on challenges other than these is to strike at the leaves not the root of the problem It is now our choice and America's choice to place our trust in the wisdom of God or the wisdom of the world to be a nation under God or without God If we become a nation under God then we become eligible to receive the promise Blessed is the nation whose God is the Lord Psalm 33:12 *Choosing America's Destiny* James Jay Madison, 2015-10-05 Choosing America's Destiny is a must read for those concerned about recent economic social and political trends within America It traces the growing divide between liberals and conservatives over the past century and paints a startling picture of reality in our nation today Choosing America's Destiny highlights the crises concerning government debt public sector burden income taxes and immigration policy education health care and the social cultural decay evident throughout America And it discusses the greatest current external threat to our nation radical Islam However Choosing America's Destiny doesn't just focus on the negative It offers real innovative potential solutions to the problems in our country today The current conflicts in America and throughout the world are caused by the bedrock ills of human nature identified as the seven deadly sins pride greed envy
