Criminal Justice And Crime In Late Renaissance Florence 1537 1609:

Criminal Justice and Crime in Late Renaissance Florence, 1537-1609 John K. Brackett, 2002-08-22 This book examines in detail the Florentine system of criminal justice under the reign of the first three Medici grand dukes from 1537 to 1609 The author discusses the structure and functions of the court the operation of the two city prisons and the definition and treatment of the major categories of crime His main purpose is to shed light on the character of the Medicean state by examining the effectiveness of its main instrument of social control The study is important for the amount of detail that it offers for such an early period and it helps to vitiate the usefulness of the term absolutist which conveys a misleading picture of the early modern state

Crime, Society and the Law in Renaissance Italy Trevor Dean, K. J. P. Lowe, 1994-04-14 Drawing on a wide body of internationally renowned scholars including a core of Italians this volume focuses on new material and puts crime and disorder in Renaissance Italy firmly in its political and social context All stages of the judicial process are addressed from the drafting of new laws to the rounding up of bandits Attention is paid both to common crime and to more historically specific crimes such as sumptuary laws Attempts to prevent or suppress disorder in private and public life are analysed and many different types of crime from the sexual to the political and from the verbal to the physical are considered In sum the volume aims to demonstrate the fundamental importance of crime and disorder for the study of the Italian Renaissance It is the only single volume treatment available of the subject in English Other books have studied crime in a single city or single types of crime but few have presented a cross section of articles which deploy diverse methodological approaches in material from many parts of the peninsula

The Oxford History of the Prison Norval Morris, David J. Rothman, 1998 Ranging from ancient times to the present a survey of the evolution of the prison explores its relationship to the history of Western criminal law and offers a look at the social world of prisoners over the centuries

Violence and Justice in Bologna Sarah Rubin Blanshei, 2018-04-02 This collection of essays offers a unique contribution to the study of violence and justice in a late medieval and early modern Italy by combining a multivocal perspective with a case study focus on the city state of Bologna Drawing on the city's singularly rich archival resources the authors explore various facets of violence ranging from the interpersonal to the less frequently studied typologies of blasphemy rape political rebellion and student brawls and set the institutions of the police and law courts into their socio political and cultural contexts They also apply a broad variety of quantitative and qualitative approaches processual microhistorical legalism comparative and criminological to their assessments of the procedures and practices of criminal justice and the experiences of violent behavior providing both short term in depth analyses of specific events and over arching reviews of long term trends Bologna itself with its renowned university economic innovations strategic importance as a commercial and cultural crossroads its political volatility and experiments with diverse constitutional structures provides a rewarding laboratory for analyzing changes and continuities in late medieval and early modern violence and justice From these studies emerges a narrative that

challenges the traditional portrayal of those periods as eras when brutality and rage were normal in social relations and criminal justice was characterized mainly by punitive strategies of torture and repression

A Veil of Silence Julia Rombough, 2024-07-09 Julia Rombough explores the regulation of sound in women's residential institutions in early modern Florence. Silence was tied to ideals of feminine purity and spiritual discipline yet enclosed women still laughed, shouted, sang and conversed. *A Veil of Silence* offers a revealing history of the political and spiritual meanings of the senses.

A Renaissance of Violence Colin Rose, 2019-10-17 This in-depth analysis of homicide patterns in seventeenth-century Italy explores the social contexts behind a sharp rise in interpersonal violence.

The Medici Wedding of 1589 James M. Saslow, James M., Saslow, 1996-01-01 The marriage in 1589 of Grand Duke Ferdinando de' Medici and the French princess Christine of Lorraine was a landmark event in Renaissance art and architecture, theater, music, and political ceremonial. Celebrated by a month of elaborate pageantry that required a full year of preparations, the wedding mobilized the combined artistic, intellectual, and administrative forces of Tuscany at the zenith of its wealth, power, and cultural prestige. This book combines art and social history to present the first comprehensive reconstruction of the Medici wedding and in the process provides a fascinating narrative of Florentine culture during the Renaissance. James Saslow draws on a rich trove of visual and archival sources to describe the jousts, plays, musical, dramatic, intermedial processions, and tournaments that celebrated the wedding; the artists, musicians, and architects who created and organized the events; and the bureaucratic administration that sustained this Renaissance theater of the world. His sources include producers' daily logbooks and detailed records of the design process, staff payments and logistics, as well as eighty-eight set and costume drawings, paintings, and prints which appear in a catalogue included in the book. Saslow's study will be of interest to practitioners and historians of theater, dance, music, and the visual arts, as well as to students of political and economic history and cultural studies.

A Companion to Cosimo I de' Medici Alessio Assonitis, Henk Th. van Veen, 2021-11-01 Mining the rich documentary sources housed in Tuscan archives and taking advantage of the breadth and depth of scholarship produced in recent years, the seventeen essays in this *Companion to Cosimo I de' Medici* provide a fresh and systematic overview of the life and career of the first Grand Duke of Tuscany, with special emphasis on Cosimo I's education and intellectual interests, cultural policies, political vision, institutional reforms, diplomatic relations, religious beliefs, military entrepreneurship, and dynastic concerns. Contributors: Maurizio Arfaio, Alessio Assonitis, Nicholas Scott Baker, Sheila Barker, Stefano Calonaci, Brendan Dooley, Daniele Edigati, Sheila Ffolliott, Catherine Fletcher, Andrea G. The Crimes of Women in Early Modern Germany Ulinka Rublack, 2001 *The Crimes of Women in Early Modern Germany* is a fascinating study of deviant women. It is the first scholarly account of how women were prosecuted for theft, infanticide, and sexual crimes in early modern Germany and challenges the assumption that women were treated more leniently than men. Ulinka Rublack uses criminal trials to illuminate the social

status and conflicts of women living through the Reformation and Thirty Years War telling for the first time the stories of cutpurses maidservants dangerous liaisons and artisans troubled marriages She provides a thought provoking analysis of labelling and sentencing processes and of the punishments inflicted on those found guilty Above all she brilliantly engages with the way ordinary women experienced authority and sexuality household and community

Machiavelli in Love Guido Ruggiero, 2007-02-01 A provocative study of sex and sexual identity in Renaissance Italy explored through major literary works and historical archives *Choice* Machiavelli in Love introduces a complex concept of sex and sexual identity and their roles in the culture and politics of the Italian Renaissance Guido Ruggiero's study counters the consensus among historians and literary critics that there was little sense of individual identity and almost no sense of sexual identity before the modern period Drawing from the works of major literary figures such as Boccaccio Aretino and Castiglione and rereading them against archival evidence Ruggiero examines the concept of identity via consensus realities of family neighbors friends and social peers as well as broader communities and solidarities The author contends that Renaissance Italians understood sexual identity as a part of the human life cycle something that changed throughout stages of youthful experimentation marriage adult companionship and old age Machiavelli's letters and literary production reveal a fascinating construction of self that is highly reliant on sexual reputation Ruggiero's challenging reinterpretation of this canonical figure as well as his unique treatment of other major works of the period offer new approaches for reading Renaissance literature and new understandings of the way life was lived and perceived during this time
