In these pages the reader will find a celebration of the empowering values of an extraordinary man whose service above self has left a legacy to his community and Muncie Power that will endure for future generations to come. The Rev. Dr. Ronald L. Naylor. The story of Muncie Power Products and the people who built it is an affirmation of American opportunity, smart work, and civic generosity. From its founding in 1935 to the present, the company and its leaders have been consistently dedicated to achieving excellence and exemplifying ethical values. Dr. Phil along with George Iny and the Editors of the Automobile Protection Association pull no punches. *Founders* C. Max Lang, 2015-05-15 *Founders* is about the development of a new College of Medicine and Teaching Hospital located 90 miles from the parent University campus. The goal was to examine the role of senior leaders, department chairs, division chiefs, senior faculty, and administrators in this venture with a focus on their vision and goals and upon reflection their achievements. The book discusses the role of the founders in assessing leadership, deans, chairs, chiefs, recruitment of faculty, criteria, charge, interaction, and funding, no state funding, and very limited university funds. These are issues being faced by other institutions existing, new, expanding. Decisions made in each of these areas, proactive or by default, can have significant impact on the overall teaching, patient care, and research missions. It was interesting that different individuals viewed the same events with totally different viewpoints of what really happened, underscoring the importance of communication to encourage a common core of intent and outcome. **The Handbook of Lithium-Ion Battery Pack Design** John T.
