

Piper

As the middle sister, I spent much of my life as a mediator between the strong-willed Drew and impulsive Phoebe. I grew to become the heart of the Halliwell family, as our mother once put it.

Drew's untimely death shook me to the core, forcing me to accept a new role as the young matriarch of the Halliwell family after welcoming in our orphaned sister, Paige.

I initially feared that witchcraft came from a place of darkness that made us evil, but I quickly learned that we were a powerful force for good. The first of my powers to be revealed was the ability to jump people and objects through molecular translocation. That ability grew into speeding the molecules to the point of incineration, which proved an easier way to take out low-level demons. I studied to be a chef, managed a restaurant, and eventually opened the nightclub, P3, with the help of my sisters. My cooking skills also made me a natural at brewing potions, if I do say so myself.

Leo Wyatt

Soon after my powers manifested I met a guardian angel in the form of Whitelighten Leo Wyatt. Leo died heroically in World War Two and was rewarded with an offer to work for the side of good instead of moving on to the afterlife. Though romance between a Whitelighten and his charge was forbidden, Leo and I fell in love and married. The fates and our own stubbornness threw many obstacles into our course of love, but we stuck it out, started a family, and look forward to growing old together.

I spent much of my life searching for my place in the world. After a brief time in New York, I returned home to the strained relationship with my sister, Prue. Over the impetuous one, I proudly take the blame for shattering the incantation that activated the power of The Charmed Ones. With the help of our magical sisterhood, Prue and I healed our rift before her tragic death.

My journey for self-discovery continued as I finished college and eventually found my passion, stumbling into a career writing an advice column for The Bay Mirror. My primary active power is precognition, with the ability to see into the future as well as the past. For a time, I also possessed the powers of levitation and empathy, but my active magic was stripped from me when I exploited them for personal gain. Precognition will

be the first of my gifts to return, which along with my natural spell-writing talent, still makes me a powerful force for good.

I have had two great loves in my life beginning with the half-human, Cole Turner. Cole was torn in two by his demon half, Belthazor, when we met. Though he escaped Belthazor's grasp, our relationship ended in tragedy when he could not overcome the darkness still within him.

Coop -

Several men followed Cole, but none of them could fill the hole in my heart until the Elders assigned a Cupid named Coop to help me find love again. What neither of us realized was that the Elders had always intended for Coop to be that love.
