

La dichotomie entre « consentement » et « contrainte » a pris une certaine importance dans les débats récents portant sur l'expérience des sociétés pendant la Première Guerre mondiale. Cet ouvrage a pour ambition de reformuler la problématique de l'engagement des populations dans le conflit à travers une approche renouvelée. Il dépasse les oppositions trop rigides entre consensus sur la guerre et rejet de celle-ci, considérant que les populations, tant civiles que militaires, ne se réduisent pas à des éléments passifs mais gardent leur capacité de réaction autonome. Aussi propose-t-il une terminologie ternaire pour aborder les expériences des peuples en guerre - accepter, endurer, refuser. Le terme moyen, « endurer », permet d'explorer toute la complexité d'un conflit qui défie les prévisions et dont le prix en vies et souffrances remet en cause la question du rapport entre les fins et les moyens. Il ne s'agit pas, toutefois, de présenter une évolution successive d'un terme à l'autre - de l'acceptation à l'endurance, avant d'en arriver au refus. Car tout dépend des multiples sens assignés à chaque comportement, et du chevauchement possible des différentes réactions que suscite la confrontation à la guerre.

Ces trois termes offrent plusieurs avantages sur une échelle qui va de l'individuel au collectif. Ils se prêtent à la prise en compte de l'imaginaire de la guerre et des multiples discours qui l'accompagnent. Ils permettent également d'examiner où, quand et comment le refus prend le dessus sur l'endurance par rapport aux sociétés où l'endurance s'appuie jusqu'à la fin sur une acceptation du conflit - et ce malgré son caractère inexorable.

Cet ouvrage, fondé sur des travaux originaux suscités par le Centre international de recherche de l'Historial de la Grande Guerre, à Péronne, réunit des historiens européens et américains, parmi les meilleurs spécialistes internationaux de la Première Guerre mondiale. Par sa focale authentiquement internationale, son attention portée au front oriental autant qu'occidental, il transcende les débats étroitement nationaux.

Dans Guerre 1914 1918 Accepter Endurer

Jay Winter, Antoine Prost

Dans Guerre 1914 1918 Accepter Endurer:

The experience of occupation in the Nord, 1914-18 James E. Connolly, 2018-05-14 This electronic version has been made available under a Creative Commons BY NC open access license This book is available as an open access ebook under a CC BY NC ND licence Much of the French department of the Nord was occupied during the First World War This book considers the ways in which occupied locals responded to and understood their situation focusing on key behaviours adopted by locals and the beliefs surrounding such conduct Key topics examined include forms of complicity disunity criminality resistance and the memory of the occupation This local case study calls into question overly patriotic readings of this experience and suggests a new conceptual vocabulary to help understand certain civilian behaviours under military occupation Drawing on extensive primary documentation this book proposes that a dominant occupied culture existed among locals a moral patriotic framework born of both pre war socio cultural norms and daily interaction with the enemy that guided conduct and was especially concerned with what was considered acceptable and unacceptable behaviour

Dans la guerre 1914-1918 Nicolas Beaupré, Heather Jones, Anne Rasmussen, Centre de recherche de l'Historial de Péronne, 2015 English summary The dichotomy between consent and constraint has dominated scholarship on popular involvement in the First World War The present collection of articles complicates the question drawing on the terms accept endure and refuse nuancing the participation of individuals collectives and states in the Great War French description La dichotomie entre consentement et contrainte a pris une certaine importance dans les debats recents portant sur l experience des societes pendant la Premiere Guerre mondiale Cet ouvrage a pour ambition de reformuler la problematique de l engagement des populations dans le conflit a travers une approche renouvelée Il depasse les oppositions trop rigides entre consensus sur la guerre et rejet de celle ci considerant que les populations tant civiles que militaires ne se reduisent pas a des elements passifs mais gardent leur capacite de reaction autonome Aussi propose t il une terminologie ternaire pour aborder les experiences des peuples en guerre accepter endurer refuser Le terme moyen endurer permet d explorer toute la complexite d un conflit qui defie les previsions et dont le prix en vies et souffrances remet en cause la question du rapport entre les fins et les moyens Il ne s agit pas toutefois de presenter une evolution successive d un terme a l autre de l acceptation a l endurance avant d en arriver au refus Car tout depend des multiples sens de chaque terme et du chevauchement possible des differentes reactions Ces trois termes offrent plusieurs avantages sur une echelle qui va de l individuel au collectif Ils se pretent a la prise en compte de l imaginaire de la guerre et des multiples discours qui l accompagnent Ils permettent egalement d examiner ou quand et comment le refus prend le dessus sur l endurance par rapport aux societes ou l endurance s appuie jusqu a la fin sur une acceptation du conflit et ce malgre son caractere inexorable Cet ouvrage fonde sur des travaux originaux suscites par le Centre international de recherche de l Historial de la Grande Guerre a Peronne reunit des historiens europeens et americains parmi les meilleurs specialistes internationaux de la Premiere Guerre mondiale Par sa focale authentiquement internationale

Legacies of Violence: Eastern Europe's First World War Jochen Böhrer, Włodzimierz Borodziej, Joachim von Puttkamer, 2014-08-20

The First World War began in the Balkans and it was fought as fiercely in the East as it was in the West. Fighting persisted in the East for almost a decade radically transforming the political and social order of the entire continent. The specifics of the Eastern war such as mass deportations, ethnic cleansing and the radicalization of military, paramilitary and revolutionary violence have only recently become the focus of historical research. This volume situates the Long First World War on the Eastern Front 1912-1923 in the hundred years from the mid 19th to the mid 20th century and explores the legacies of violence within this context.

Legacies of Violence: Eastern Europe's First World War: A Commentary from a Comparative Perspective Morale and the Italian Army during the First World War Vanda Wilcox, 2016-07-04

Italian performance in the First World War has been generally disparaged or ignored compared to that of the armies on the Western Front and troop morale in particular has been seen as a major weakness of the Italian army. In this first book-length study of Italian morale in any language Vanda Wilcox reassesses Italian policy and performance from the perspective both of the army as an institution and of the ordinary soldiers who found themselves fighting a brutally hard war. Wilcox analyses and contextualises Italy's notoriously hard military discipline along with leadership, training methods and logistics before considering the reactions of the troops and tracing the interactions between institutions and individuals. Restoring historical agency to soldiers often considered passive and indifferent Wilcox illustrates how and why Italians complied, endured or resisted the army's demands through balancing their civilian and military identities.

The Great War in History Jay Winter, Antoine Prost, 2020-12-03

The first

comprehensive survey of interpretations of the Great War from 1914 to 2020 **For King and Country** Heather Jones, 2021-09-23 This is a ground breaking history of the British monarchy in the First World War and of the social and cultural functions of monarchism in the British war effort Heather Jones examines how the conflict changed British cultural attitudes to the monarchy arguing that the conflict ultimately helped to consolidate the crown's sacralised status She looks at how the monarchy engaged with war recruitment bereavement gender norms as well as at its political and military powers and its relationship with Ireland and the empire She considers the role that monarchism played in military culture and examines royal visits to the front as well as the monarchy's role in home front morale and in interwar war commemoration Her findings suggest that the rise of republicanism in wartime Britain has been overestimated and that war commemoration was central to the monarchy's revered interwar status up to the abdication crisis *Time on a Human Scale* Julian Wright, Allegra Fryxell, 2021-10-07 Time on a Human Scale offers an ambitious new assessment of how modern Europeans understood time and human experience through studies of politics art literature music and culture of Western Europe between the 1860s and 1930s **The Myriad Legacies of 1917** Maartje Abbenhuis, Neill Atkinson, Kingsley Baird, Gail Romano, 2018-04-25 This book explores the ramifications of 1917 arguing that it was a cataclysmic year in world history In this volume thirteen scholars reflect on the myriad legacies of the year 1917 as a year of war revolution upheaval and change Crisscrossing the globe and drawing on a range of disciplinary approaches from military social and economic history to museum memory and cultural studies the collection highlights how the First World War remains living history With contributions on the Russian revolutions the entry of the United States into the war the Caucasus and Flanders war fronts as well as on India and New Zealand and chapters by pre eminent First World War academics including Jay Winter Annette Becker and Michael Neiberg the collection engages all with an interest in the era and in the history and commemoration of war *A World of Public Debts* Nicolas Barreyre, Nicolas Delalande, 2020-10-26 This book analyzes public debt from a political historical and global perspective It demonstrates that public debt has been a defining feature in the construction of modern states a main driver in the history of capitalism and a potent geopolitical force From revolutionary crisis to empire and the rise and fall of a post war world order the problem of debt has never been the sole purview of closed economic circles This book offers a key to understanding the centrality of public debt today by revealing that political problems of public debt have and will continue to need a political response Today's tendency to consider public debt as a source of fragility or economic inefficiency misses the fact that since the eighteenth century public debts and capital markets have on many occasions been used by states to enforce their sovereignty and build their institutions especially in times of war It is nonetheless striking to observe that certain solutions that were used in the past to smooth out public debt crises inflation default cancellation or capital controls were left out of the political framing of the recent crisis therefore revealing how the balance of power between bondholders taxpayers pensioners and wage earners has evolved over the past 40 years Today as

the Covid 19 pandemic opens up a dramatic new crisis reconnecting the history of capitalism and that of democracy seems one of the most urgent intellectual and political tasks of our time This global political history of public debt is a contribution to this debate and will be of interest to financial economic and political historians and researchers Chapters 13 and 19 are available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com) States of Emergency Sophie Hochhäusl, Erin Eckhold Sassin, 2022-04-28 What World War I meant for architecture and urbanism writ large More than one hundred years after the conclusion of the First World War the edited collection States of Emergency Architecture Urbanism and the First World War reassesses what that cataclysmic global conflict meant for architecture and urbanism from a human social economic and cultural perspective Chapters probe how underdevelopment and economic collapse manifested spatially how military technologies were repurposed by civilians and how cultures of education care and memory emerged from battle The collection places an emphasis on the various states of emergency as experienced by combatants and civilians across five continents from refugee camps to military installations villages to capital cities thus uncovering the role architecture played in mitigating and exacerbating the everyday tragedy of war
