Communism With The Mask Off And Bolshevism In Theory And Practice:

Communism with the Mask Off and Bolshevism in Theory and Practice Joseph Goebbels, 2014-11-25 Two dramatic speeches made by the German Minister of Propaganda at the famous Nuremberg rallies of 1935 and 1936 which sum up the National Socialist interpretation of Communism and its threat to the world In *Communism with the Mask Off* 1935 Goebbels describes in detail the Jewish origins of Marxism and Communism and lists the Jewish leaders and instigators of that ideology in Russia Germany many European nations and even China As far as we ourselves are concerned we have completely overcome this menace Indeed perhaps outside of his work in Germany the greatest service which our Führer has rendered the world is that here in Germany he has set up a barrier against world Bolshevism against which the waves of this vile Asiatic Jewish flood break in vain In *Bolshevism in Theory and Practice* 1936 he discussed the practical social political and economic consequences of Marxism and how Germany had broken that menace We have proved under the most unfavourable circumstances that Bolshevism can be overcome if one wishes to do so if one uses the proper means and if one is determined to oppose the powers of destruction with all one's strength and all one's manly courage May the world follow Germany's example Of course National Socialism is not suitable for export and other nations shall not be persuaded or even forced to adopt its methods Yet it may prove instructive and its methods of procedure may stimulate other nations to adopt the same course and thus evade a terrible crisis

The Unmasking Style in Social Theory Peter Baehr, 2019-05-01 This book examines the nature of unmasking in social theory in revolutionary movements and in popular culture Unmasking is not the same as scientific refutation or principled disagreement When people unmask they claim to rip off a disguise revealing the true beneath the feigned The author distinguishes two basic types of unmasking The first aimed at persons or groups exposes hypocrisy and enmity and is a staple of revolutionary movements The second aimed at ideas exposes illusions and ideologies and is characteristic of radical social theory since the eighteenth century Enlightenment *The Unmasking Style in Social Theory* charts the intellectual origins of unmasking its shifting priorities and its specific techniques in social theory It also explores sociology's relationship to the concept of unmasking through an analysis of writers who embrace adapt or reshape its meaning Such sociologists include Vilfredo Pareto Karl Mannheim Raymond Aron Peter Berger Pierre Bourdieu Luc Boltanski and Christian Smith Finally taking conspiracy theories accusations of social phobia and new concepts such as micro aggression as examples of unmasking techniques the author shows how unmasking contributes to the polarization and bitterness of much public discussion Demonstrating how unmasking is baked into modern culture yet arguing that alternatives to it are still possible this book is in sum a compelling study of unmasking and its impact upon modern political life and social theory
