Comparing Religions Through Law Judaism And Islam Author Jacob Neusner Aug 1999:

Forthcoming Books Rose Arny,1999 *Comparing Religions Through Law* Jacob Neusner,Tamara Sonn,1999 Comparing Religions Through Law presents an innovative and sometimes controversial study of the comparisons and contrasts between the two religions and offers an example of how comparative studies can lead to mutual understanding *Judaism and Islam in Practice* Jacob Neusner,Tamara Sonn,Jonathan E. Brockopp,2000 Judaism and Islam compare because they concur that God cares deeply not only about attitudes but actions not only about what one says to God but how one conducts affairs at home and in the village In this sourcebook the authors have selected key passages from the laws of Judaism and Islam which allow a close examination of their mode of expression and medium of thought as well as the substance of the laws themselves The selected passages concentrate on areas critical to the life of piety and faith as actually practised within the two faith communities the relationship between the believer and God between and among believers at home in marriage outside the home in the community and between the faithful and the infidels for Islam or idolaters for Judaism Judaism and Islam in Practice presents an invaluable collection of sources of Jewish and Islamic law and provides a unique analysis of the similarities and contrasts between the two faiths **Do Jews, Christians and Muslims Worship the Same God?** Vincent J. Cornell,Jacob Neusner,Prof. Bruce Chilton,Dr. Baruch A. Levine,2012-11-01 Most Jews Muslims and Christians are devoted and faithful Still on any given day it s difficult to avoid the vigorous and heated disputes between them whether over the Ground Zero mosque lobbying state legislatures against Sharia law sharing worship space dissecting the fallout of the Arab Spring protecting civil rights or challenging the authority of sacred texts With so much rancor can there be any common ground Do they even worship the same God And can religion which often is so divisive be any help at all Four internationally known scholars set out to tackle these deceptively simple questions in an accessible way Some scholars argue that while beliefs about God may differ the object of worship is ultimately the same However these authors take a more pragmatic view While they may disagree they nevertheless assert that whatever they answers to these questions the three faiths must find the will politically socially and personally to tolerate differences Perhaps what can help us move forward as pluralistic people is ia focus on the goal peace with justice for all **Classical Christianity and Rabbinic Judaism** Bruce Chilton,Jacob Neusner,2004 Among the world s religions Christianity and Judaism are the most symmetrical But in our day of religious tolerance a tendency to overlook the vital differences between the two religions in the name of good will can undermine constructive Jewish Christian dialogue In this book Bruce D Chilton describes early Christian thought and Jacob Neusner describes early Judaic thought on fundamental issues such as creation and human nature Christ and Torah sin and atonement and eschatology At the end of each chapter each assesses the other s perspective and a final chapter explains why the authors believe theological confrontation not just comparison defines the task of interfaith dialogue today **Three Faiths, One God** Jacob Neusner,Bruce D. Chilton,William Graham,2021-11-08 If Moses Jesus and the Prophet Muhammad were to

meet what would they tell one another about Judaism Christianity and Islam Three of today's leading scholars explore the topics such a conversation might entail in this comparative study of the three monotheistic faiths In systematic side by side descriptions they detail the classical theologies of Judaism Christianity and Islam and the authoritative writings that convey those theologies Torah Bible and Qur'an They then compare and contrast the three faiths which though distinct and autonomous address a common set of issues While asserting that this book is by no means a background source for issues and conflicts among contemporary followers of Judaism Christianity and Islam the authors nevertheless aspire to reveal among the three a common potential for mutual understanding This publication has also been published in paperback please [click here for details](#)

Take Judaism, for Example Jacob Neusner, 1983 *Judaic Law from Jesus to the Mishnah* Jacob Neusner, 1993-01 Religion and Law Edwin Brown Firmage, Bernard G. Weiss, John Woodland Welch, 1990 The papers presented in this volume were originally presented at a conference entitled Religion and Law Middle Eastern Influences on the West sponsored by the Middle East Center of the University of Utah and the J Reuben Clark Law School at Brigham Young University The conference's aim was to explore the connection between religion especially biblical religion and law in the Ancient Middle East and to trace its development into the present The special status of Islamic law is treated in several articles

Judaism, Christianity, and Islam: The Classical Texts and Their Interpretation, Volume II F. E. Peters, 2021-04-13 Invoking a concept as simple as it is brilliant F. E. Peters has taken the basic texts of the three related and competitive religious systems we call Judaism Christianity and Islam and has juxtaposed them in a topical and parallel arrangement according to the issues that most concerned all these children of Abraham Through these extensive passages and the author's skillful connective commentary the three traditions are shown with their similarities sometimes startlingly underlined and their well known differences now more profoundly exposed What emerges from this unique and ambitious work is a panorama of belief practice and sensibility that will broaden our understanding of our religious and political roots in a past that is by these communities definition still the present The hardcover edition of the work is bound in one volume and in the paperback version the identical material is broken down into three smaller but self contained books The second The Word and the Law and the People of God discusses the scriptures of the three faiths in various contexts exegetical and legal Throughout the work we hear an amazing variety of voices some familiar some not all of them central to the primary and secondary canons of their own tradition alongside the Scriptural voice of God are the words of theologians priests visionaries lawyers rulers and the ruled The work ends as does the same author's now classic Children of Abraham in what Peters calls the classical period that is before the great movements of modernism and reform that were to transform Judaism Christianity and Islam
