Community Journalism Jock Lauterer, 2009-11-20 No matter how ambitious they may be most novice journalists don't get their start at the New York Times They get their first jobs at smaller local community newspapers that require a different style of reporting than the detached impersonal approach expected of major international publications As the primary textbook and sourcebook for the teaching and practice of local journalism and newspaper publishing in the United States Community Journalism addresses the issues a small town newspaper writer or publisher is likely to face Jock Lauterer covers topics ranging from why community journalism is important and distinctive to hints for reporting and writing with a community spin to design production photojournalism and staff management This third edition introduces new chapters on adjusting to changing demographics in the community and best practices for community papers Updated with fresh examples throughout and considering the newest technologies in editing and photography this edition of Community Journalism

chronicling their struggles through slavery Reconstruction the Jim Crow era and the desegregation of the state Through hours of interviews with Mable and her relatives as well as friends and neighbors Coggeshall presents an ethnographic history that allows members of a largely ignored community to speak and record their own history for the first time This story sheds new light on the African American experience in Appalachia and in it Coggeshall documents the community's 150 year history of resistance to white oppression while offering a new way to understand the symbolic relationship between residents and the land they occupy tying together family memory and narratives to explain this connection **On**
