Christian Faith And Social Justice Five Views:

Christian Faith and Social Justice: Five Views Vic McCracken, 2014-06-19 Contributors Miguel A De La Torre Daniel A Dombrowski Jason Jewell Elizabeth Phillips Laura Stivers **Christian Faith and Social Justice** Vic McCracken, The Judeo Christian tradition testifies to a God that cries out demanding that justice roll down like waters righteousness like an ever flowing stream Amos 5 24 Christians agree that being advocates for justice is critical to the Christian witness And yet one need not look widely to see that Christians disagree about what social justice entails What does justice have to do with healthcare reform illegal immigration and same sex marriage Should Christians support tax policies that effectively require wealthy individuals to fund programs that benefit the poor Does justice require that we acknowledge and address the inequalities borne out of histories of gender and ethnic exclusivity Is the Christian vision distinct from non Christian visions of social justice Christians disagree over the proper answer to these questions In short Christians agree that justice is important but disagree about what a commitment to justice means Christian Faith and Social Justice makes sense of the disagreements among Christians over the meaning of justice by bringing together five highly regarded Christian philosophers to introduce and defend rival perspectives on social justice in the Christian tradition The positions advocated and critiqued are libertarianism political liberalism liberation theology feminism and virtue ethics While it aspires to offer a lucid introduction to these theories the purpose of this book is more than informative It is purposefully dialogical and is structured so that contributors are able to model for the reader reasoned exchange among philosophers who disagree about the meaning of social justice The hope is that the reader is left with a better understanding of range of perspectives in the Christian tradition about social justice **The Routledge International Handbook of Sociology and Christianity** Dennis Hiebert, 2023-10-18 The Routledge International Handbook of Sociology and Christianity examines the intersection of the sociology of religion a long standing focus of sociology as a discipline and Christianity the world s largest religion An internationally representative and thematically comprehensive collection it analyzes both the sociology of Christianity and Christian approaches to sociology with attention to the Roman Catholic Orthodox and Protestant branches of Christianity An authoritative state of the art review of current research it is organized into five inter connected thematic sections considering the overlapping emergence of both the Christian religion and the social science the conceptualization of and engagement with Christianity by sociological theory the ways in which Christianity shapes and is shaped by various social institutions the manner in which Christianity resists and promotes various forms of social change and the identification diagnosis and correction of social problems by sociology and Christianity This volume is an invaluable collection for scholars and advanced students with special appeal for those working in the fields of sociology and social theory as well as religious studies and theology *A Theology of Justice in Exodus* Nathan Bills, 2020-10-16 This book traces the theme of justice throughout the narrative of Exodus in order to explicate how yhwh s reclamation of Israel for service worship reveals a distinct theological

ethic of justice grounded in yhwh s character and Israel s calling within yhwh s creational agenda Adopting a synchronic text immanent interpretive strategy that focuses on canonical and inner biblical connections Nathan Bills identifies two overlapping motifs that illuminate the theme of justice in Exodus First Bills considers the importance of Israel s creation traditions for grounding Exodus s theology of justice Reading Exodus against the backdrop of creation theology and as a continuation of the plot of Genesis Bills shows that the ethical disposition of justice imprinted on Israel in Exodus is an application of yhwh s creational agenda of justice Second Bills identifies an educational agenda woven throughout the text The narrative gives heightened attention to the way yhwh catechizes Israel in what it means to be the particular beneficiary and creational emissary of yhwh s justice These interpretative lenses of creation theology and pedagogy help to explain why Israel s salvation and shaping embody a programmatic applicability of yhwh s justice for the wider world This volume will be of substantial interest to divinity students and religious professionals interested in the themes of exodus exile and return

Pentecostal Preaching and Ministry in Multicultural and Post-Christian Canada Steven M.

Studebaker,2019-11-07 Over the past forty years Canada has become an increasingly secular multicultural and religiously plural society Indeed the church in Canada and Pentecostals in particular face a challenging context for responding to the call to bear witness to Christ in the power of the Holy Spirit Like the disciples on the day of Pentecost however we need the Holy Spirit to come upon us and liberate us from our post Christian pessimism We need the Holy Spirit to enable us to proclaim the gospel to the nations people that are no longer at the ends of the earth but making their home in Canada This book engages this new context and considers and proposes ways that pentecostal Christians and churches can respond to the challenges of the increasingly post Christian multicultural secular and religiously plural context of Canadian society **T&T**

"Same Is Better" Cari Myers,2022-10-31 As younger generations drift away from evangelical churches the number of

religiously unaffiliated young adults grows Is the drift because of politics personal morality rebelliousness culture wars or something else In this project 16 young adults from the Churches of Christ participate in qualitative interviews over a five year span They describe messages they learned about success and survival from their faith communities as children and how they have embraced and reinterpreted those messages into helpful life principles as adults The resulting study explores issues of ethnicity in evangelical borderland communities and contrasts Latinx narratives with white narratives in religious and educative contexts Findings also revealed gendered narratives class based narratives and the glaring absence of helpful narratives around sexuality filtered through the lenses of religion and education The central finding of the interviews is this participants experienced the Church of Christ as rewarding conformity with community a strategy when it works which secures the future of the denomination and cements a conservative doctrine in the next generation of leadership However the study concludes that true survival narratives were the narratives participants constructed in response to the narratives provided by Churches of Christ

The Chinese Exodus Li Ma, 2018-07-02 This book offers a sociological analysis as well as a theological discussion of China's internal migration since the marketization reform in 1978 It documents the social and political processes that encompass the experiences of internal migrants from the countryside to the city during China's integration into the global economy Informed by sociological analysis and narratives of the urban poor this volume reconstructs the political economic social and spiritual dimensions of this urban underclass in China who made up the economic backbone of the Asian superpower

Just Mission Helen Cameron, 2015-05-31 The last decade has seen a resurgence of the social action of the local church responses to social need have included street pastors cold weather shelters debt advice centres and latterly food banks The last decade has also seen a greater experimentation in forms of evangelism most prominently in the fresh expressions movement The intention has been to bring the Church into contact with people who would not otherwise cross its threshold All these changes have led to new pastoral relationships being formed and a greater awareness of how social change affects real people's lives Just Mission draws upon the increased activism of local churches and links it to effective use of democratic processes to achieve justice for the people with whom they have a pastoral relationship It seeks to explain in a straight forward and theologically based way how they can undertake that task based upon the pastoral work that arises from their social action and evangelism Helen Cameron introduces the political and public theology that is currently being produced to local church leaders so they can see that theology has a genuine interest in the dilemmas they currently face
