Christian Totality Theology Of The Consecrated Life:

Christian Totality Basil Cole, Paul M. Conner, 1997 A comprehensive and scholarly treatise on Christian living After highlighting the dignity of lay Christian life and its mission to transform the world it contrasts the lay and consecrated vocations and then proceeds to explore the splendid love and mystery of the consecrated life from the Scriptural historical conciliar and theological perspectives It deals at length with the three evangelical counsels of chastity poverty and obedience which are the principal elements of the religious life with the common life and apostolic work of consecrated men and women It also addresses the mutual influence of consecrated life and ministerial priesthood in the lives of religious who are ordained Besides tracing the origin and development of the three evangelical counsels the book presents a lucid and balanced exposition of the real meaning and essential features of the allied virtues and suggests practical ways and means of avoiding pitfalls and of growing in each virtue Of special interest is the sensitive treatment of delicate issues like friendship with the same or opposite sex among consecrated persons

Christian Totality Basil Cole, Paul M. Conner, 1990

Understanding the Religious Priesthood Christian, OSB Raab, Brian E., SJ Daley, 2020-10-14 Most contemporary theologies of Holy Orders consider priesthood mainly in its diocesan context and most contemporary theologies of religious life do not consider how ordained ministry functions when it is internal rather than external to religious life Understanding the Religious Priesthood provides a history and theology of religious priesthood that contributes to our understanding of this vocation's identity and mission It uncovers what religious priesthood shares with diocesan priesthood and non-ordained religious life and what makes it different from both those other vocations Christian Raab begins by tracing the history of religious priesthood from its origins in the early Church to the eve of the Second Vatican Council He demonstrates that religious priests often faced questions about how to reconcile their two callings but that they also provided answers in their theologies and spiritualities of priesthood and religious life Meanwhile they made key contributions to the Church's life and mission Raab then investigates the teachings of the Second Vatican Council on priesthood and religious life Observing that the Council presented priesthood according to a diocesan typology and presented religious life without sacerdotal associations he argues that the lack of imagery of religious priesthood contributed to a post-conciliar vocational identity crisis among religious priests He then seeks to remedy this lacuna by appealing to the biblical images for religious priesthood Hans Urs von Balthasar offered in his theology of vocations Raab argues that Balthasar's imagery is a promising way forward for understanding the identity and mission of religious priesthood In a final part Raab provides a substantial theological articulation of religious priesthood which illuminates its liturgical signification ecclesial mediation and mission and ministerial identity Here he draws not only from Balthasar but also from Pope John Paul II Yves Congar Jean Marie Tillard Brian Daley and Guy Mansini to construct his profile

Free for Christ: Religious Obedience and Thomistic Moral

Theology Mother Mary Christa Nutt, R.S.M., 2024-08-01 What is it about the practice of obedience to God that makes it

significant for human happiness and sanctity And how should the obedience proper to vowed religious life be understood relative to the responsibilities of conscience and personal freedom In the present day religious obedience is often viewed either as a negative cramping of personal autonomy by an external authority or as a positive submission to law that somehow assures one's fidelity but the common thread for both perspectives is a distinctly modern approach to obedience characterized by legalism and voluntarism In *Free for Christ* Mother Mary Christa Nutt R S M proposes a different approach to religious obedience that foregrounds virtue based moral agency rooted in metaphysics and the mystery of God examining obedience not simply in relation to commands and laws but as a spiritual philosophical and theological reality one that situates the human person in relation to God the Church and those others who share this religious life Taking her starting point from Thomas Aquinas Nutt examines obedience as a dimension of prudence and worship that is as a way that the human being can become relative to God as first source and final end and thus as a way that the grace of Christ can take deeper root as a path to authentic freedom and interiority From this ground of Thomistic metaphysics and ethics emerges a theological anthropology of obedience closely tied to Aquinas's teaching on providence and religion *Religious Life* Loan Le, 2016-06-22 Following the Second Vatican Council when each Religious Institute was encouraged to research its charism some Institutes experienced a tension between their charism and their mission or even difficulty identifying what their charism was This book is a study of the theological understanding of charism and of mission in relation to Religious Life within the Catholic Church While this topic has featured in much Roman Catholic theological literature since Vatican II there appears to be a dearth of in depth studies This book addresses this apparent lacuna It draws particularly on the work of two major theologians Jean Marie Roger Tillard OP and Sandra Marie Schneiders IHM who have reflected at length on charism and mission in the period leading up to Vatican II and on the implementation of its documents with respect to Religious Life The very significant contributions of Tillard and Schneiders on the topic provide Religious as well as others who want to know and understand Religious Life with an interesting and motivating insight into charism and mission in Religious Life Within the Roman Catholic Church a Year of Consecrated Life has just drawn to a close and this book forms a background and a response to Pope Francis Apostolic Letter to all Consecrated People on the occasion of the Year of Consecrated Life November 2014 which invited Religious to reflect on these aspects that are essential to the life they have chosen to live

The Virgin Mary and Theology of the Body Donald H. Calloway, M.I.C., 2014-06-25 The Church's Marian beliefs have constantly shed light on other teachings and the Theology of the Body is no exception In this compilation of essays some of the world's most foremost Mariologists and experts on the Theology of the Body share their insights on how Mary illuminates the message of the Theology of the Body in a profound way As the Mother of God Mary provided Jesus with His body a body that would be offered on the cross for our redemption She bore witness to His bodily resurrection and ascension and she herself was assumed bodily into heaven Through an understanding of Mary's role in salvation history we are able to see more

Driscoll,2000 This bibliographic listing of works in English by and about members of the Order of Friars Preachers actually begins with a translation of the confirmation of the Dominican Order by Pope Honorius III on December 22 1216 Works and lives of great Dominicans such as Saints Dominic Catherine of Siena Thomas Aquinas Albert the Great Pope Pius V and Martin de Porres are listed Prominent personages such as Fra Angelico Savonarola Bartolommeo de las Casas Samuel Mazzuchelli Dominic Pire Nobel Prize recipient and M J La Grange founder of the Ecole Biblique also appear in this work The Dominicans founded colleges and universities around the globe and their scholarly historical and artistic works have illumined the world for almost eight hundred years This bibliography is an invaluable resource for scholars and researchers covering a wide range of topics
