Christ Outside The Gate Mission Beyond Christendom:

Christ Outside the Gate Orlando E. Costas, 2005-08-22 Solidly theological amply historical thoroughly ecumenical and remarkably current Orlando Costas *Christ Outside the Gate* is the most succinct yet comprehensive analysis of the missiological issues facing the church and the churches that has appeared in many years Alan Neely Southeastern Baptist Theological Seminary Wake Forest Learning and passion come together in *Christ Outside the Gate* to make it an outstanding contribution to missiology Gabriel Fackre Abbot Professor of Christian Theology Andover Newton Theological School You have in your hands a new way of seeing missions North America as a receiving country the marginalized as the subject as well as object of missions world evangelization with one foot in Melbourne and one foot in Pattaya Few authors blend together so effectively so many worlds evangelism and scholarship northern hemisphere and southern hemisphere sociology and theology Harvie M Conn Westminster Theological Seminary Philadelphia Costas may well be or is on his way to becoming the ablest missiologist alive Jorge Lara Braud Director Council on Theology and Culture Presbyterian Church in the U S Costas writes from the background of an Hispanic Evangelical but goes far beyond the normal concerns of that tradition In a series of far ranging essays he deals with virtually every aspect of the contemporary missiological debate in a manner that is usually balanced and always provocative While some readers will violently question his views at certain points all will be stimulated and challenged to think more deeply and participate more effectively in the total world mission to which God has called His Church Paul E Pierson Fuller Theological Seminary *Christ Outside the Gate* offers us a perspective of missions that focuses on the transition from paternalism to the contextualization of the Gospel Oscar I Romo Director Language Missions Division Southern Baptist Convention Costas writes from the viewpoint of those who live on the periphery of society He challenges Christians of all denominations to a renewed understanding of the Christ who suffered outside the gates John T Boberg Catholic Theological Union Chicago Orlando E Costas is also the author of *Liberating News The Integrity of Mission and The Church and Its Mission* **Christ Outside the Gate** Orlando E. Costas, **Spirit Outside the Gate** Oscar García-Johnson, 2019-07-23 Oscar Garc a Johnson explores a new grammar for the study of theology and mission in global Christianity especially in Latin America Moving to recover important elements in ancestral traditions of the Americas he discerns pneumatological continuity between the pre Columbian and post Columbian communities With an interdisciplinary narrative approach this work offers a constructive theology of mission for the church in global contexts *Christ Outside the Gate* Orlando E. Costas, 1982 **Evangelicals and Liberation Revisited** João B. Chaves, 2013-03-18 Despite the fact that the theological gains of Latin American Liberation Theology LALT have been incorporated into several theologies around the world many North Atlantic evangelicals still consider LALT a heresy The underlying reason for the lack of positive engagement between North Atlantic Evangelical Theology in general and American Evangelical Theology in particular and LALT is the mistaken perception that LALT and evangelical theology are necessarily contradictory In *Evangelicals and*

Liberation Revisited Joao Chaves analyzes instances of the evangelical liberationist interaction and examines the generally suspicious responses given to LALT by North Atlantic Evangelicals Evangelicals who think of LALT as a heresy have failed to look not only into the diversity that exists among liberationists but also into the different theological expressions within their own movement Joao Chaves argues convincingly that if evangelicals think about both liberation theology and their own theological commitments critically then they will be able to recognize that LALT can be an indispensable ally in their commitment to following God

Mission Carlos F. Cardoza-Orlandi, 2002-06-01 Mission has become for many North American Christians an ambiguous and often uncomfortable term To many it brings to mind a past in which western culture was identified with the gospel in missionary practice and programs Distressed with this history and uncertain about how to overcome it many prefer to ignore the New Testament mandate that the church must be in mission if it is to be the church Others swing the other way declaring that everything the church does is mission depriving the idea of mission of its power to define those specific actions of God which proclaim the gospel and build God's kingdom The church exists by missions just as fire exists by burning With these words of Emil Brunner the author reminds us that to be the church is to be in mission After describing the various captivities of mission which plague North American Christianity the author argues for a robust and engaged practice of mission beginning in congregations and extending to the broader community

Transcending Mission Michael W. Stroope, 2017-02-28 Is the language of mission clearly evident across the broad reaches of time Or has the modern missionary enterprise distorted our view of the past Michael Stroope investigates how the modern church has come to understand speak of and engage in the global expansion of Christianity offering a hopeful way forward in this pressing conversation
