Jacob Transcultural Concepts in Nursing Care Margaret M. Andrews, Joyceen S. Boyle, 2008 Conveys the importance of diverse cultural knowledge for evaluation of patient outcomes understanding persons in clinical settings and appropriate responses during the nurse client interaction Lessons in Spiritual Development Ann Casson, Trevor Cooling, Leslie J. Francis, 2017-08-30 Positive spiritual development is an obligation on all schools This new source book for education professionals documents how ten leading Christian ethos secondary schools have prioritized the spiritual development of their students Each chapter tells the story of how one of the schools approaches this responsibility showing the variety of innovation and creativity taking place within spiritual education It offers wisdom from practitioners on the opportunities and challenges that exist as well as inspiration to other schools wishing to improve their provision for spiritual development **Pastoral Care and Monasticism in Latin Christianity and Japanese Buddhism (ca. 800-1650)** Gert Melville, Toshio Ōnuki, Yuichi Akae, Kazuhisa Takeda, LIT Verlag, 2024-01-01 Monasticism has a special position in the history of pastoral care It produced innovations in various aspects of pastoral care despite or more precisely because of its isolation in legal or social terms from the secular world The thirteen papers contained in this volume will reveal that there was a great variety in the ways pastoral care continued to be practised by monasticism depending on time space and the nature of each religious order Adopting a comparative approach their historical and geographical range of investigation is not limited to medieval Europe but expands to the Americas and even to Japan in the early Modern Age This volume bases on a conference held on 1 and 2 March 2019 at Okayama University Japan as part of the close collaboration between a Japanese research group on Christian Buddhist religious movements and the Research Project Monasteries in the High Middle Ages Innovation Laboratories for European Life Designs and Regulatory Models of the Saxon and the Heidelberg Academies of Sciences and Humanities as well as the Research Center for Comparative History of Religious Orders FOVOG Dresden A Handbook Of Dementia Care Cantley, Caroline, 2001-09-01 This handbook provides a multidisciplinary and critical guide to what we know about dementia and dementia care It is written by leading academics practitioners and managers involved in the development of dementia care Medical Ethics in Health Care Chaplaincy Walter Moczynski, Hille Haker, Katrin Bentele, 2009 Medical Ethics in Health Care Chaplaincy is a response to the new challenges spiritual care providers are confronted with in a profession that has faced dramatic change in function and scope over the last few decades The rich collection of essays brings together the experience approaches and research of many US and German scholars in the area of ethics medicine theology psychology and spiritual care This is an invaluable resource addressing the many spiritual religious and ethical issues in providing care to the sick and dying for hospital chaplains clergy health care professionals teachers academics ethics committee members and students in medical ethics theology and or

religious studies **Medicine and Health Care in Early Christianity** Gary B. Ferngren, 2016-08 Drawing on New Testament studies and recent scholarship on the expansion of the Christian church Gary B Ferngren presents a comprehensive historical account of medicine and medical philanthropy in the first five centuries of the Christian era Ferngren first describes how early Christians understood disease He examines the relationship of early Christian medicine to the natural and supernatural modes of healing found in the Bible Despite biblical accounts of demonic possession and miraculous healing Ferngren argues that early Christians generally accepted naturalistic assumptions about disease and cared for the sick with medical knowledge gleaned from the Greeks and Romans Ferngren also explores the origins of medical philanthropy in the early Christian church Rather than viewing illness as punishment for sins early Christians believed that the sick deserved both medical assistance and compassion Even as they were being persecuted Christians cared for the sick within and outside of their community Their long experience in medical charity led to the creation of the first hospitals a singular Christian contribution to health care A succinct thoughtful well written and carefully argued assessment of Christian involvement with medical matters in the first five centuries of the common era It is to Ferngren s credit that he has opened questions and explored them so astutely This fine work looks forward as well as backward it invites fuller reflection of the many senses in which medicine and religion intersect and merits wide readership Journal of the American Medical Association In this superb work of historical and conceptual scholarship Ferngren unfolds for the reader a cultural milieu of healing practices during the early centuries of Christianity Perspectives on Science and Christian Faith Readable and widely researched an important book for mission studies and American Catholic movements the book posits the question of what can take its place in today s challenging religious culture Missiology An International Review Gary B Ferngren is a professor of history at Oregon State University and a professor of the history of medicine at First Moscow State Medical University He is the author of Medicine and Religion A Historical Introduction and the editor of Science and Religion A Historical Introduction **Fundamental Concepts and Skills for the Patient Care Technician - E-Book** Kimberly Townsend Little, 2017-01-19 Learn to master the wide range of information and skills needed by today s health care workers with Fundamental Concepts and Skills for Patient Care Technicians While its comprehensive coverage of patient care is appropriate for all types of health care workers this all new text is specifically designed to prepare students and professionals for the topics they will face on the Patient Care Technician or the Nursing Assistant certification exams Coverage includes working within the healthcare team ethics laws communication understanding patients culture patient rights body structure and function and growth and development Procedure units cover safety infection control moving and transfers vital signs patient assessment care comfort hygiene and grooming nutrition and fluids elimination and respiration skills and care of the surgical patient Plus advanced skills for Patient Care Technicians such as specimen collection phlebotomy procedures and ECG procedures are also included Over 75 step by step procedures cover the information found on the Nursing Assistant and
