Complementary And Alternative Medicine Challenge And Change:

Complementary and Alternative Medicine Merrijoy Kelner, Beverly Wellman, 2014-05-12 The rapid growth of Complementary and Alternative Medicine CAM demands that the public the medical world social scientists the media and governments pay attention People are questioning the limits of what modern medicine can accomplish and seeking additional ways to manage their health While many are enthusiastically adopting complementary and alternative forms of medicine others are more sceptical Physicians attitudes are in transition and governments are pondering where this increasingly important phenomenon fits into the health care system The challenge is to keep pace with the changing ways that people view health and illness take responsibility for themselves and incorporate CAM into their health care This text brings together for the first time a wide range of leading North American and European social scientists to identify who uses CAM why they use it and how they find out about it Presenting research from psychology sociology anthropology and public health they alert us to the current context of CAM use and provide new models and techniques for understanding its future place in health care

Complementary and Alternative Medicine Merrijoy Kelner, Beverly Wellman, 2014-05-12 The rapid growth of Complementary and Alternative Medicine CAM demands that the public the medical world social scientists the media and governments pay attention People are questioning the limits of what modern medicine can accomplish and seeking additional ways to manage their health While many are enthusiastically adopting complementary and alternative forms of medicine others are more sceptical Physicians attitudes are in transition and governments are pondering where this increasingly important phenomenon fits into the health care system The challenge is to keep pace with the changing ways that people view health and illness take responsibility for themselves and incorporate CAM into their health care This text brings together for the first time a wide range of leading North American and European social scientists to identify who uses CAM why they use it and how they find out about it Presenting research from psychology sociology anthropology and public health they alert us to the current context of CAM use and provide new models and techniques for understanding its future place in health care

Complementary and Alternative Medicine Caragh Brosnan, Pia Vuolanto, Jenny-Ann Brodin Danell, 2018-03-26 This book examines how complementary and alternative medicine CAM as knowledge philosophy and practice is constituted by and transformed through broader social developments Shifting the sociological focus away from CAM as a stable entity that elicits perceptions and experiences chapters explore the forms that CAM takes in different settings how global social transformations elicit varieties of CAM and how CAM philosophies and practices are co produced in the context of social change Through engagement with frameworks from Science and Technology Studies STS CAM is reconceptualised as a set of practices and knowledge making processes and opened up to new forms of analysis Part 1 of the book explores how and why boundaries within CAM and between CAM and other health practices are being constructed challenged and changed Part 2 asks how CAM as material practice is shaped by politics and regulation in a range of national settings Part 3 examines how

evidence is being produced and used in CAM research and practice Including studies of CAM in Eastern and Western Europe Asia and North and South America the volume will appeal to postgraduate students researchers and health practitioners

Complementary and Alternative Medicine in Nursing and Midwifery Jon Adams, Philip Tovey, 2014-06-11 This book explores the historical social political and cultural facets of integration between complementary and alternative medicine and nursing midwifery It examines the ever expanding integration in relation to the role and conceptualization of the patient the role and responsibilities of different professional healthcare providers nurses midwives alternative therapists etc the future provision and approach of nursing and midwifery practice the challenges and opportunities currently facing healthcare systems as a result of integration This innovative book provides the first critical overview of this important field of health research It is important reading for medical sociologists nurses and other health professionals as well as students in these areas with an interest in complementary and alternative medicine

Traditional, Complementary and Alternative Medicine and Cancer Care Philip Tovey, John Chatwin, Alex Broom, 2007-05-07 Drawing on comparative fieldwork in the UK Pakistan and Australia this book provides the first systematic assessment of pathways and access to CAM and how it is used in health practice and by individuals with cancer Giving fresh and invaluable insights into how differing health and societal structures influence the use complementary and alternative medicine the book explores the empirical theoretical and policy context for the study of CAM TM and cancer the history and character of the eight support groups in which fieldwork took place in the UK Australia and Pakistan the nature and structure of patient support groups history affiliation and evolution how groups function on a day to day basis the extent to which what is being offered in these CAM oriented groups is in any way innovative and challenging to the therapeutic and organisational mainstream the value of sociological work in the field which is not tied to immediate and narrow policy objectives This is an essential resource for those studying complementary and alternative medicine sociologically to those involved in the provision of cancer care on a day to day basis and to those looking to establish a more informed evidence based policy

Complementary, Alternative, and Traditional Medicine Costanza Torri, Jennie M. Hornosty, 2017-05-15 This edited collection is about the use of complementary and alternative medicine CAM and traditional medicine TM within the context of women s reproductive health It adopts a perspective drawn from different social sciences sociology medical anthropology history and health studies to discuss topics such as fertility menopause pregnancy child birth practices post natal care breastfeeding and breast cancer The contributors explore the uses and values attributed to CAM and TM for women s reproductive health across diverse cultures from the point of view of patients CAM TM practitioners and other health care providers This text provides insights into the wide spectrum of practices approaches and beliefs that define CAM and TM and situates women s health issues within the local socio cultural geographic economic historical and political contexts in which they exist It also explores some challenges to the integration of TM and CAM with biomedicine

Using Alternative Health Therapies Jacqueline Low, 2004-05-03 This book provides a distinctive

sociological inquiry into the perspectives and social issues surrounding the use of alternative therapies Dr Low presents the experiences of twenty one Canadians who use alternative approaches to health care Her study foregrounds the lay perspective by using a symbolic interactionist approach which emphasizes individuals own understanding of reality as a basis for their actions Dr Low analyses why the participants in the study came to use alternative therapies the ideologies informing the models of health and healing they espouse the impact these beliefs have on them and the implications of their experiences for Canadian health care policy *Oxford Textbook of Primary Medical Care* Roger Jones (Prof.),2005 The Sociology of Healthcare Sarah Earle,Gayle Letherby,2008-03-28 A comprehensive collection of classic and contemporary readings in the sociology of health The Sociology of Healthcare will stimulate debate reflexive practice and critical thinking in applied sociology and is aimed at the teaching and learning needs of both lecturers and students **Professions and Metaphors** Andreas Liljegren,Mike Saks,2016-07-22 Professions and Metaphors Understanding Professions in Society explores the way that two traditions have contributed to our understanding of both theory and society over recent decades In the first tradition the growing literature on metaphors has helped to guide thinking providing insights into such phenomena as the study of organizations In the second there has been an increased interest in professions from lawyers and university academics to doctors and social workers This edited collection brings together these two traditions for the first time providing a unique and systematic overview at macro and micro level of the use of metaphors in the sociology of professions A range of professional fields are explored from law and medicine to social work and teaching showing how metaphors can enhance our understanding of the operation of professional groups By demonstrating how metaphors can add to our understanding of professions in society as well as in professional practice this ground breaking book makes an invaluable contribution to advanced students and researchers in fields such as the sociology of professions and work and organization as well as informing professionals and policy makers themselves
