

DESIGNING EFFECTIVE PROMOTIONAL CUSTOM PLUSH TOYS

In the realm of corporate gifting and promotional items, traditional methods like pens, mugs, and t-shirts have long been the go-to choices. While these items have their place, they often lack the memorability and impact to truly stand out. A new era of promotional items is emerging, one led by charming and versatile - custom plush toys.

Designing Effective Promotional Games:

End-to-End Game Development Nick Iuppa, Terry Borst, 2012-10-12 You're part of a new venture, an independent gaming company, and you are about to undertake your first development project. The client wants a serious game, one with instructional goals and assessment metrics. Or you may be in a position to green-light such a project yourself, believing that it can advance your organization's mission and goals. This book provides a proven process to take an independent game project from start to finish. In order to build a successful game, you need to wear many hats. There are graphic artists, software engineers, designers, producers, marketers; all take part in the process at various coordinated stages, and the end result is, hopefully, a successful game. Veteran game producers and writers Iuppa and Borst cover all of these areas for you with step-by-step instructions and checklists to get the work done. The final section of the book offers a series of case studies from REAL indie games that have been developed and launched successfully and show exactly how the principles outlined in the book can be applied to real-world products. The book's associated author web site offers ancillary materials, references, as well as serious game demos and presentations.

Promotional Practices and Perspectives from Emerging Markets Sudhir Rana, Avinash K Shrivastava, Sachin Kumar Raut, 2022-09-05 This volume explores the dynamic nature of emerging markets, which constitute a major share of global GDP, with a focus on the opportunities for growth and the challenges for businesses in meeting the needs of a diverse set of consumers. With the objective to ensure sustainable growth, there is a need for multinationals belonging to and working in emerging economies to learn best practices and continuously evolve. To conduct business in both urban and rural areas, marketing and promotions are potent tools when applied correctly to portray the right brand image. The book studies recent trends and developments in promotional practices as business strategy, sustainability, and innovation across businesses, including retail, textile, and digital technology. It highlights the path that managers should take in order to better understand the potential of distinct market segments and take marketing managerial decisions accordingly. This book will be useful to scholars and researchers of marketing management studies, business management, financial management, business economics, international business, finance, digital technologies, development studies, and economics. It will also interest policymakers and practitioners in the field.

Advertising, Promotion, and New Media Marla R. Stafford, Ronald J. Faber, 2015-03-26 Today, new media enter our lives faster than ever before. This volume provides a complete state-of-the-art overview of the newest media technologies and how they can be used in marketing communications, essential information for any organization that wants to maintain an effective advertising program, as well as for experts and students in the fields of advertising and mass communications. Advertising, Promotion, and New Media offers crucial insights on the use of cutting-edge techniques, including 3D advertising, mobile advertising, advergames, interactivity, and netvertising, images, as well as more familiar Internet advertising formats such as banner ads and pop-ups. It also discusses such important topics as how to select online affiliates and how to assess the effectiveness of new media advertising and compare it with

traditional formats Throughout the book the chapter authors offer up to date information and thought provoking ideas on emerging technology and how it can be used effectively for advertising and promotion in the future
