The hurt(ful) body Tomas Macsotay, Cornelis van der Haven, Karel Vanhaesebrouck, 2017-07-21 This book offers a cross disciplinary approach to pain and suffering in the early modern period based on research in the fields of literary studies art history theatre studies cultural history and the study of emotions The volume's two fold approach to the hurt body defining hurt from the perspectives of both victim and beholder as well as their combined creation of a gaze is unique It establishes a double perspective about the riddle of cruel viewing by tracking the shifting cultural meanings of victims bodies and confronting them with the values of audiences religious and popular institutional settings and practices of punishment It encompasses both the victim's presence as an image or performed event of pain and the conundrum of the look the transmitted pain experienced by the watching audience

The Bookshop of the World Andrew Pettegree, Arthur der Weduwen, 2019-04-02 The untold story of how the Dutch conquered the European book market and became the world's greatest bibliophiles The Dutch Golden Age has long been seen as the age of Rembrandt and Vermeer whose paintings captured the public imagination and came to represent the marvel that was the Dutch Republic Yet there is another largely overlooked marvel in the Dutch world of the seventeenth century books In this fascinating account Andrew Pettegree and Arthur der Weduwen show how the Dutch produced many more books than pictures and bought and owned more books per capita than any other part of Europe Key innovations in marketing book auctions and newspaper advertising brought stability to a market where elsewhere publishers faced bankruptcy and created a population uniquely well informed and politically engaged This book tells for the first time the remarkable story of the Dutch conquest of the European book world and shows the true extent to which these pious prosperous quarrelsome and generous people were shaped by what they read Book history at its best Robert Darnton New York Review of Books Compelling and impressive THES Book of the Week An instant classic on Dutch book history BMGN Low Countries Historical Review
