Coyote Redux violet reason, Yulalona Lopez, 2015-10-24 The further frenetic mythopoetic adventures of the Paleolithic Trickster Coyote in post modern civilization as he steals a car invents television hunts a mouse runs for office and meets interesting new people like you know important people actors and politicians and such Death Forest Trump Baglady Bombay Chevrolet Sam McHooter Legba and the New Young Gods Coyote learns to cope with supermarkets and amusement parks as he tries to establish his godhood in the mass confusion of the entertainment world He is killed by accident and intent by the military frightened animals and natural dangers although his ally Fox has the power to resurrect him to continue his responsibility to protect humans from monsters and vice versa Coyote s proficiency with masks allows him to pretend to be actors generals women and other animals for the purposes of getting food sex money and power It does not always work out the way he intends Review by Susan Cardinal Sleepwell This is a novel of terror and laughter of bondage and explosion a searing masterpiece of tortured pieces sewn in the skein of a sow s purse as the authors pursue fame with shocking intensity Coyote is changed from a complex morally ambiguous gure into a cardboard commentator for the animal news channel The text pulsates with nervous energy and undigested gas It is a searing satire cooked on the embers of passionate purple prose disposed of in a desert setting of unparalleled natural pulchritude Most of all it is an absurdist classic reveling in the stupidity of humans in dealing with the nobility of animals the meaninglessness of war and consumption and the importance of breathing and excreting We follow Coyote on his journey in search of free sex and food The trip is not con ned within the conventions of a linear or coherent narrative Coyote bounces all over recollections and information inner feeling and outer action This not only challenges our expectations of literary form but it irritates the shit out of us Coyote s credo of greed and aggrandizement is fueled by testosterone but fooled by estrogen That is Coyote s lament he is too late to de over the intact virgin of bankrupt global capitalism and too early to grope the youth of utopia The narrative style reflects the confusion of his remembering over many lifetimes then of delving into the plasma regions of repressed feelings and animal lust The long sentences act like interminable bridges between unpleasant ideas and poorly formed thoughts of half hearted insights into the human and nonhuman conditions which get soaked by plasma This is a novel where gods walk among people sleep with them ruin them nancially then go on and laugh and play The settings in the deserts of North America and New York reflect the shadowy haunts of the gods trapped in their own deserts of unbelief and minimal clean water The old gods may be forgotten by name but they still struggle to snuggle and be warm under the blanket of belief that has been tattered by the oil

soaked machinery of modern materialism New gods with the same bad habits start to form out of a developing post industrial unconsciousness *Coyote Reborn* Violet Reason, Yulalona Lopez, 2012-02-01 The further frenetic mythopoetic adventures of Coyote in post modern civilization as he steals a car invents television hunts a mouse runs for office and meets interesting new people like you know important people actors and politicians and such Death Forest Trump Baglady Bombay Chevrolet Sam McHooter Legba and the New Young Gods **Coyote Redux** Violet Reason, Yulalona Lopez, 2007 The further frenetic mythopoetic adventures of Coyote in post modern civilization as he steals a car invents television hunts a mouse runs for office and meets interesting new people like you know important people actors and politicians an such Death Forest Trump Baglady Bombay Chevrolet Sam McHooter Lagba and the New Gods T p **Coyote Remasked** Yulalona L. Lopez, 2015-11-17 The new new Coyote backslides into the bad bad behaviors of the old old Coyote made famous over thousands of years and thousands of fires in American Indian lore In this book Coyote is trapped in a cage he only gets out by giving away his soul He learns to fish but not obey limits so he is sent to jail On release he takes a job digging and goes shopping He is required to undergo counseling by a Dr Vulture who tries to domesticate him He gets mixed up in anti war protests He starts his own business as a private detective but is injured by his cigarette lighter and a bosomy client He has to learn to avoid an animal exterminator named Big Bob He decides to switch lifestyle with Tick then Termite but that does not work out well Then he starts a law office instead His mate Wakanda meets a Japanese trickster Uzume and they talk about mates and trickery Meanwhile Coyote s companion Fox goes made after his family s denned by Big Bob Coyote wants to help and tries to become a shaman He learns many things but fails A new friend Otter teaches him how to play Then Coyote decides to market his myth Coyote is confronted by the new gods such as Media and Humanity Media tries to trick him but Celebrity intercedes and she is not who she seems Coyote tries to make a movie about his myth but funding is short He visits King Salmon under the sea and has to marry his daughter He escapes responsibility but gets tricked by Loki Later he relaxes by reading the newspaper But Rattlesnake gets revenge against two of his pups Always the entrepreneur he starts his own college Koors Kollege to get rich He comes up with exceptional ideas about new departments and new kinds of diplomas as well as the homeless and community The college has a biology department and Coyote mines it as a source for new genes that can enhance him genes from hawk wolf horse ant and others But the effect is disappointing Meanwhile new enemies plot against him just as he decides to run for congress The new gods other animals and the military all combine to attack him He survives and decides to go swimming but even then he is quietly stalked **New Coyote 2. 0** Michael Bergey, 2018-10-16 The creatures of legend have come upon hard times Their power stems from human belief but humans believe in Science now We have little use for magic Even Coyote shiftiest and most adaptable of them all can t quite comprehend this new view of reality He refuses to accept defeat however and devises a plan to have himself reborn without memories so that he can grow up within our contemporary culture and fully understand our way of thinking And where would Coyote go for formative

guidance anyway Why a commune of course Sunbow Farms to be precise It s peaceful wild and very private Very private indeed Marijuana plantations are like that So the Narks have come and raided his new home Coyote can deal with that And there s the flood of course and trigger happy coyote blasting neighbors and troublemaking by Coyote s magical Spirit Pups all no problem Even local prejudice against his all too coyotish appearance can be dealt with somehow It s those death threats from Fox that are hard to take How can Fox say that Coyote needs to be killed for his own good That just doesn t make sense
