Caribbean Integration From Crisis To Transformation And Repositioning:

Caribbean Integration from Crisis to Transformation and Repositioning Kenneth Hall, 2012-10-01 This collection entitled Caribbean Integration From Crisis to Transformation and Repositioning captures the thinking of and prescriptions offered by some of the best minds of the Caribbean and further afield at a Conference held at The University of the West Indies in 2011 under the theme The Caribbean and the Commonwealth Collective Responsibility for the 21st Century In examining the challenges faced by the Region in moving the Integration process forward a number of papers boldly assess what needs to be done to avert the crisis which threatened the Caribbean as they advocate for a rethinking of the strategies currently employed by the Caribbean Community This book is highly recommended to senior policy makers serious academicians and a public deeply interested in the challenges and triumphs of the Caribbean peoples **Ideological Foundations and**

Development Expectations of Caribbean Regionalism Myrtle Chuck-A-Sang, 2023-03-16 Foci of publications This publication is intended to be an invaluable tool to the avid researcher on Caribbean regionalism and related subjects The range of papers presented probe areas such as the institutional development of one of the most enduring economic integration systems in the international community the workings of its major institutions and indeed its very survival The importance of record keeping to the survival of any institution or major grouping is the message that permeates this volume given its role in enabling an understanding of our past and in the holistic development and preservation of the region's cultural identity Migration, Social Identities and Regionalism within the Caribbean Community Oral I.

Robinson, 2020-08-08 This book offers a theoretical and substantive analysis of intra Caribbean migration perception of regionalism and the construction of identities among Caribbean nationals Through a multi methods study in the 15 member countries of the Caribbean community Oral Robinson explores how intra Caribbean migrants experience living within different member countries and how these experiences and perceptions influence ideas about citizenship belonging and identity Responding directly to the lack of scholarship on how Caribbean nationals feel about integration and or free movement within their own countries and other Caribbean countries this volume attempts to understand Caribbean societies historically theoretically and methodologically proposes bases of social identities in the Caribbean and examines how intra Caribbean migrants negotiate their identities and narrate their lived experiences as intra Caribbean migrants The book offers policy solutions based upon its findings reconciling practice theory and migration policies in the Caribbean *Crisis and Promise in the Caribbean* Winston Dookeran, 2016-03-09 The Caribbean is made up of a complex enigmatic region characterised by great disparities in size population geography history language religion race and politics This is a region in which harmony and discord work in tandem trying to link economic logic with political logic This book is a useful tool not only for those specialists and students of regionalism but for all those putting their hands to the task of nation building and those interested in the development processes of small states and economies At the same time this book is a comprehensive

historical record especially highlighting hindrances to development in this region This study raises two important issues the political imperative of convergence and the need for appropriate correcting mechanisms that align the needs of the local with the regional It is a volume that underlines the need for a change in strategy and makes proposals as to how to go about making those changes

Caribbean Regional Integration Patsy Lewis, 2022-05-29 This book provides an in depth analysis of the role of regional integration in the contemporary Caribbean challenging the value of the neoliberal ideology that permeates regionalism discourse The book asks what value neoliberal regionalism holds for the Caribbean when its economic goals of efficiency and competitiveness serve to actively marginalize small states within the global community Presenting an alternative framework for assessing success the book investigates how the Caribbean Community CARICOM can confront new challenges and perform a more developmental function centring economic transformation and a more democratic process The book also explores long standing challenges with implementing regional decisions at the national level and the absence of avenues for citizens to influence the direction of the integration movement It explores these themes against the backdrop of the global pandemic and the climate crisis which underscore the fragility of Caribbean economies their high levels of indebtedness weak social security systems and their marginality Bringing together decades of research from one of the world's foremost scholars on the subject this book will be essential reading for researchers of the Caribbean specifically and for those with an interest in regionalism more generally across the fields of political economy international relations history geography economics and global development

Re-mapping the Americas W. Andy Knight, Julián Castro-Rea, Hamid Ghany, 2016-04-01 Since the end of the Second World War the map of the Americas has changed dramatically Not only were many former European colonies turned into sovereign states there was also an ongoing process of region making recognizable throughout the hemisphere and obvious through the establishment of several regional agreements The emergence of political and economic regional integration blocs is a very timely topic analyzed by scholars in many disciplines worldwide This book looks at remapping the recent trends in region making throughout the Americas in a way that hasn't been at the center of academic analyses so far While examining these regionalisation tendencies with a historical background in mind the authors also answer fundamental questions such as What influences does globalization have on region making both on normative regionalism plans as well as on actual economic political cultural military and social regionalization processes driven by state and non state actors What ideas or interests lead states in the Americas to cooperate or compete with one another and how is this power distributed How do these regional agreements affect trade relations and have there been trade barriers set up to protect national economies What agreements exist or have existed and how did they change with regard to contents and for what reason The book informs academic as well as non academic audiences about regional developments in the Americas in particular those dating back to the last twenty years Beyond the primary purpose of summarizing the hemisphere's recent trends the book also brings clarification in a detailed but easy to

understand way about timely issues regarding the institutionalisation or lack thereof of the plethora of regional and sub regional bodies that have emerged in this hemisphere over the past couple of decades

Climate Change, Disasters and People on the Move Aylin Yildiz Noorda,2022-11-07 The open access publication of this book has been published with the support of the Swiss National Science Foundation Climate change is forcing us to consider the right of people to leave their disappearing homelands and the shape this right should take Climate Change Disasters and People on the Move proposes international protection as a solution with three pillars granting protection against return to the country of origin non refoulement preventing future displacement and facilitating safe orderly and regular migration in the context of disasters and climate change Dr Aylin Yildiz Noorda uses the theories of common concern of humankind and community interests to operationalise her proposal providing a blueprint for future claims

The Caribbean on the Edge Winston Dookeran,2022-01-27 In a time of persistent uncertainty fragile eco structures the politics of populism and limits in institutional leadership The Caribbean on the Edge acts as an analytical roadmap to a challenging era of globalization for the countries on the edge of history in the Caribbean those often at a policy standstill pondering which way and how to turn Winston Dookeran traces ideas that have evolved in development and diplomacy over the last decade to identify the path for new analytical leadership The Caribbean on the Edge deeply engages the political issues involved in development governance and diplomacy Examining various schools of thought that influence policy choices The Caribbean on the Edge discusses new approaches and risk factors that are aligned with the current realities in the region Above all this book is about the development of a new mindset that will usher in a radical shift in thinking policy and practice in order to unlock the paralysis of a Caribbean on the edge

Regional Integration and Migration Governance in the Global South Glenn Rayp,Ilse Ruysen,Katrin Marchand,2020-08-29 This topical volume deals with the major challenges of migration in the Global South and their governance which are traditionally much less considered than migration to industrialized countries and its consequences It is written in view of the intergovernmental agreement of the Global Compact for Safe Orderly and Regular Migration negotiated under the auspices of the United Nations in 2016 and one of the major recent events in international migration governance Written by authors with a sound academic background and professional involvement in policy relevant research this volume focuses on priorities in implementation of the Global Compact in the Global South It is addressed to a broad readership interested or involved in international migration governance development studies and regional studies from a research as well as a policy perspective
