Can't Read or Write or Understand Math Andrew Bernstein, 2022-08-23 Stephen King A piker no horror story is as harrowing as Andrew Bernstein's must read Why Johnny Still Can't Read or Write or Understand Math Bernstein tears the genteel cover off the educational system and reveals the truly shocking extent of the destruction that has been wrought by fashionable Leftist educational theories the con men quacks and psychopaths who have gained control of American public education over the last few decades and the public educational system's addiction to taxpayer funding and the latest societal trends no matter how damaging they are to children But Bernstein doesn't just leave us screaming he also offers a practical readily applicable program for taking back the educational system and saving our children from these lunatics If you have children in school this is essential reading And even if you don't but care about the future of society you must not miss this all important book Robert Spencer bestselling author of The History of Jihad Did Muhammad Exist and The Critical Qur'an Coming out of the COVID 19 pandemic parents across the nation grapple with a new and horrifying understanding of just how bad our educational system has become It all adds up to a system that seems hopelessly terribly and irrevocably broken But as an educator and author Andrew Bernstein reminds us that American education in the nineteenth through early twentieth century was superb This nation once knew how to turn out the brightest most resourceful and independent thinking people the world had ever seen We can do it again [Philosophers of Capitalism](#) Edward W. The third and final section of the book looks toward the future and the possibility of combining and extending the insights of these champions of a free society emphasizing how the errors omissions and oversights made by one theorist can effectively be negated or compensated for by integrating insights from one or more of the others Featuring a list of recommended reading for the major ideas and theorists discussed **Philosophers of Capitalism** is an essential book for both philosophers and economists
