Consensual Consequences:

Consensual Consequences Lynn Gilmore, 2011 CONSENSUAL CONSEQUENCES is the gripping true story of how one woman fell in love with a registered sex offender. This captivating story profiles the life of an average American family who is living a not so average life. Lynn was an educated woman who found herself in a dead end marriage and after much soul searching she realized what she must do. Enter a new love, a good honest man living with the label of registered sex offender. Why would an educated woman fall in love with someone with such a label? Could this unlikely companion be Lynn's knight in shining armor? What are the consequences of this unusual love affair? As America wages war on every sex offender in the U.S., no matter how minor the offense, how has this family coped with this scarlet letter and the restrictions placed on them? All of these questions are answered in this powerful story of true love and heartache while living in fear of vigilantism and simultaneously battling a system that punishes their whole family endlessly.

Sex Without Consent Shireen J. Jejeebhoy, Iqbal Shah, Shyam Thapa, 2013-07-04. The pressing need to break the silence on non-consensual sex among young people, an issue shrouded by denial, underreporting, and stigma, is self-evident. Despite the growing body of research regarding young people's sexual behaviours, the study of coercive sexual experiences has generally been overlooked by both researchers and national programmes. Available evidence has been scattered and unrepresentative, and despite this evidence, non-consensual sex among young people is perceived to be a rare occurrence. This volume dispels any such misconception. It presents a disturbing picture of non-consensual sex among girls as well as boys and among married as well as unmarried young women in a variety of settings. This volume documents moreover the expanse of non-consensual experiences that young people face, from unwanted touch to forced penetrative sex and gang rape. Although the focus is on young females, the volume also sheds light on the experience of young males as both victims and perpetrators. This pioneering volume highlights key factors placing young people at risk whilst outlining the significant distinctive health and social implications they face. Sex Without Consent also documents the unsupportive and sometimes abusive or negligent roles of families, teachers, health care providers, and law enforcement agents, outlines promising efforts intended to prevent non-consensual sex or support survivors, and argues for profound changes in norms and values that tolerate or encourage non-consensual sex. The editors, based at the Population Council, New Delhi; the World Health Organization, Geneva; and Family Health International, Virginia, argue compellingly for a radical review and reform of existing programmes designed to prevent this kind of abuse and to support young survivors of sexual trauma in the developing world. Addressing the magnitude, determinants, and consequences of sex without consent, this volume provides evidence-based directions for programming.
